

CBRC Public Comment

February 15, 2024

Hello, I'm a Markham parent with a comment/question for Thursday's meeting. I'm struggling to understand how Markham's asbestos situation got so bad. Why did neighboring Stephenson school have asbestos abatement covered by the bond even though Markham is an older school? Surely Markham's asbestos was being assessed and monitored as per the Asbestos Hazard Emergency Response Act?

Thank you,
Elizabeth
