# Board of Education Informational Report

## MEMORANDUM

**Date:** September 21, 2017  
**To:** Board of Education  
**From:** Anna Richter Taylor and Ryan Vandehey  
**Subject:** Public Records Policy Update

---

As part of an overall assessment of PPS communications, the public records policy and internal operational process for responding to public records has been identified by staff and the Board of Directors as a priority to update and strengthen.

Below is an outline of work to date with a general proposal for next steps to keep this process advancing so that a new policy and practices are in place as soon as possible.

### Progress to date includes:

- July 7th and 14th: Public Records Work Group convened to assess need for revision of policy and administrative directive, identify key areas to update, identify areas where board direction is needed.
- July 25th: Presentation to the full Board on the need to revise the public records policy
- August 9th: Meeting with the Finance, Audit and Operations Committee for initial direction from the Board on approach and guiding principles for public records
- August 25, 2017: Presentation to the Board Policy and Governance Task Force of proposed revisions to the policy and administrative directive based on staff and outside legal counsel recommendations
- September 1, 2017: Discussion with Board Policy and Governance Task Force of second round of revisions to policy based on feedback from task force members; at this meeting additional community input was discussed and considered for a third draft of the policy.
- September 7, 2017: Third draft of policy based on community and board feedback is attached and to be presented to the full Board on September 12, 2017 as a report and update.
- September 12, 2017: Task Force and Board Chair provided an update to the Board at the full Board meeting at Madison High School and announced the next step would be a first reading later this month with an open public comment period to follow.

### Major issues addressed in the policy:

- Overall philosophy: Confirmation the district will begin with the assumption that all records are public unless specific conditions or exemptions exist - and even with such exemptions the goal will be maximum transparency and disclosure.
- Decision making: How the district will make decisions where there are exemptions that could be invoked but do not need to be under federal or state law.
- Fees: If, when and how to assess and charge fees.
- Processing: How the district will process and respond to requests (i.e. in order received, based on complexity, dynamic prioritization, etc.)
- Appeals: How the public can appeal a decision if documents are not provided, fees are charged, or a fee waiver is not granted.
- Role of the Board: When and how the Board should engage in decisions for public records release or protection.

### Proposed Next Steps:

- September 26: First reading of the policy to the full board and issue for broad public comment from community members and stakeholders including families, media and other entities with experience and expertise in public records policies. Comments may be submitted to [schoolboard@pps.net](mailto:schoolboard@pps.net).
- October 24: Second reading of the policy following 21-day public comment policy.
- End of October: Goal is to have new policy and administrative directive adopted by the end of October 2017 with full guidance to public employees and communications with the community about how to access public records at PPS.

*Proposed revisions as of 9/8/2017 8:33 AM*

## **2.50.010-P Public Access to District Records**

In order to promote transparency and provide an accurate accounting of how the district carries out the public's business it is the intent of the board that all district records should be disclosed upon request except in the following circumstances: The district is prohibited by law from disclosing the information; or a Public Records Law Exemption applies to the requested record and disclosure could create significant and likely legal, physical or business harm to the district, students, staff, third parties, or facilities. The district shall rely upon the definition of "Public Record" laid out in ORS 192.410(4)(a). Public records will be provided promptly and courteously for inspection upon request.

- (1) The Superintendent shall hire a Public Records Officer and develop administrative directives and procedures to provide clarity and consistency to the public about access to public records, laws regarding public records, and internal processes. The Public Records Officer shall process all requests in a timely fashion, without regard to the nature of the records or identity of the requester.
- (2) It is the goal of the school district to provide the public with records at no or minimal cost whenever possible. The Superintendent shall develop clear guidelines regarding when it is appropriate to charge fees, and to provide clarity to requesters as to how fees are assessed.
- (3) The district recognizes that it is in possession of sensitive and confidential information about our students, staff and families. In responding to public records requests, the district will weigh the need for transparency with the need to protect confidentiality. The district will balance these values in accordance with the provisions of ORS Chapter 192 and the Attorney General's Public Records Manual.
- (4) When public records are requested that could be considered exempt under one of the conditional exemptions laid out in ORS 192.501 and ORS 192.502, the district shall operate under the presumption that the records are public and should be disclosed unless there are clear legal or business reasons not to.
- (5) The Public Records Officer shall make determinations as to whether a legal exemption applies to a record in coordination with the General Counsel. The Superintendent will make the final decision in all cases where the Public Records Officer and/or General Counsel recommend withholding disclosure based on a legal exemption, and shall develop clear guidelines as to how the district will make such decisions.

- (6) Such records shall be made available to persons with disabilities in an appropriate format on request in accordance with the requirements of the Americans with Disabilities Act. No fee to cover the costs of providing records in an alternative format shall be charged. All other actual costs may be recovered, consistent with Board policies, administrative directives and the public records law.
- (7) If the district requires clarification from the requester, such clarification shall be requested in writing, and the requestor shall be informed that work on the request will stop until the clarification is received. If the original scope of a request is likely to necessitate high fees, the Public Records Officer will offer to work with requesters to negotiate or narrow the scope in order to reduce the costs.
- (8) Requesters who believe the district has inappropriately withheld records or assessed fees may request a review of such decisions by the Board, who will issue an opinion within seven days. Requesters retain their statutory right to request such review from the Multnomah County District Attorney, and the availability of an appeal to the Board does not preclude a requester from appealing a denial directly to the District Attorney rather than to the Board.
- (9) No District employee, student or Board member may engage in retaliation against any person who requests public records or requests review of a public records decision. Any employee or student who engages in any form of retaliation for requesting public records, or requesting review of public records decisions, will be subject to disciplinary action up to and including dismissal.
- (10) To avoid possible conflicts of interest, employees who respond to public records requests shall decline to work on a given request if they are named in the request. Staff attorneys shall not be involved in the final decision on public records requests if they also provided legal advice related to the records being requested (e.g. a personnel investigation).
