**RESOLUTION No. 6071**

Resolution Approving the Request for Extension of the Charter Agreement with  
Opal Public Charter School

**RECITALS**

- A. On March 28, 2011, the Portland Public School Board (“Board”) approved Resolution 4436 to renew the contract with Opal Public Charter School (“Opal”).
- B. The term of this contract was a five-to-ten-year “flexible” term, which is defined in Section E of the contract with Opal as the following:

“The term of this agreement shall be for five years, scheduled to terminate as of June 30, 2016 (unless earlier terminated as provided herein). However, this agreement shall be considered a “flexible term” agreement, and will contain the following provisions:

1. During the fifth year of this contract, the Board and/or the school will determine whether a renewal process is deemed necessary based on Opal’s ability to meet academic performance standards, its fiscal stability, its adherence with all applicable state laws, and its compliance with all terms of this contract.
  2. If the Board and/or the school determine that a renewal process is not necessary, then the term of the contract shall be extended by one year.
  3. If the Board and/or the school determine that a renewal process is necessary, then the renewal process will take place in that school year.
  4. The process described above will repeat annually until the 10<sup>th</sup> year of the contract, at which time the renewal process will be mandated in accordance with ORS 338.065(4)(c).
  5. At any point between the fifth and 10<sup>th</sup> year of the contract, either party (Opal or the District) may request that the renewal process be initiated and, provided that this request falls within a reasonable timeline, the renewal process will take place within that school year.”
- C. Opal’s performance has been reviewed on an annual basis in three major areas: academic, organizational, and financial. According to the data and information gathered, Opal’s performance meets contractual and statutory standards.
  - D. On February 3, 2020, the Charter Schools Committee of the Board heard the school’s request and the staff review of Opal’s program.
  - E. On March 3, 2020, after reviewing the information presented by Opal in support of its request, including the staff report, Superintendent Guerrero recommended that the District extend the charter agreement with Opal School. A copy of Superintendent Guerrero’s recommendation is on file at the District Board office.

**RESOLUTION**

The Board approves Opal’s request, and directs staff to extend Opal’s contract by one year.

## MEMORANDUM

**Date:** February 3, 2020

**To:** Members of the Board of Education, Charter Schools and Alternative Programs Committee

**From:** Korinna Wolfe, Area Senior Director, Multiple Pathways to Graduation

**Subject:** Opal Charter School Charter Extension Request

Opal Charter School is a k-5 charter school in SW Portland, housed in the Portland Children’s Museum, enrolling 88 students. The school’s instructional program is guided by the work of early childhood educators in Reggio Emilia, Italy, neuroscience research, and constructivist practices. The Opal School, through its association with the Museum Center for Learning, operates as a research lab for educators nationwide, who take part in Opal’s Summer Symposium and Visitation Days during the school year.

Opal Charter School (“Opal”) is currently operating under a five-to-ten-year “flexible” agreement (described below), the fourth extension of which terminates on June 30, 2020. This is the ninth year of the contract, and the PPS Board and the school need to either agree to extend the contract by one year or to initiate a full renewal process. Opal has requested that its contract be extended by one year, as per Section J of its contract with PPS.

The PPS Charter Schools Office submits the attached 2018-19 Oregon Report Card and 2018-19 Performance Framework and Report Summary for Opal School in review of its academic performance, fiscal management, organizational stability, adherence with all applicable state laws, and compliance with all terms of the charter contract. The Charter Schools Office found no areas of statutory or compliance concern in its review.

Charter schools, as schools of choice, continue to work to attract a student population that is reflective of the District’s population. Opal School’s enrollment reflects significantly less diversity than District averages. About 2% of its students are Ever English Learners (compared to 10.5% District k-5), 6.8% are Economically Disadvantaged (compared to 32.8% District k-5), 14.8% are Historically Underserved Races/Ethnicities (compared to 31.1% District k-5), and 81.8% are White (compared to 58.5% District k-5). Opal has posted translated enrollment information as well as made hard copy brochures available in all the District supported languages to broaden its outreach to English Language Learners. Opal’s continued work is to broaden its outreach to historically underserved communities resulting in a more diverse student population.

# 2018-19 ESSA Accountability Details Report

Public Version - October 17, 2019

**District:** Portland SD 1J

**School:** Opal School of the Portland Children's Museum

The Accountability Details Report displays the data for indicators used by the accountability system to identify schools for comprehensive or targeted supports as required by Oregon's State Plan under the Every Student Succeeds Act (ESSA). The accountability system uses six indicators for elementary and middle schools. These indicators include English language arts (ELA) Achievement and Growth, Mathematics Achievement and Growth, Regular Attenders, and On Track to English language proficiency (ELP). For more information concerning indicators and their definitions and calculations, please refer to the [Report Card Policy and Technical Manual](#). Arrows (up ↑ or down ↓) indicate the change in the rating level of the indicator from the previous year.

Received Title I Funds in 2018-19: **No**

Please note the following:

- Indicator ratings that display 'Not Rated' refer to student groups that do not meet the minimum n-size to receive a rating.
- The English learner student group has different inclusion rules for particular indicators. The On Track to ELP, 9th Grade On-Track, and Regular Attenders indicators include current year English learners only. The ELA and Mathematics Achievement, Growth, and Assessment Participation indicators include current year English learners as well as monitored English learners (four years). The Graduation and Completer indicators include students who were English learners at any time during high school.
- The Underserved Race/Ethnicity student group consists of the following racial/ethnic groups: American Indian/Alaska Native, Black/African American, Hispanic/Latino, and Native Hawaiian/Pacific Islander.
- The Underserved Race/Ethnicity group is eligible to be identified for targeted improvement only when none of the four student groups that comprise it have sufficient data to be considered for identification.

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

Opal School seeks to create a school community of students and adults that is built upon trust, caring relationships and a sense of belonging to something greater than oneself, and where all students and families feel welcome and included. Staff and students are guided to develop strategies that contribute to the quality of the community by having a keen sense of place, identity and belonging, while respecting the rights and identities of others. We help students collaboratively problem-solve when relationships are harmed and rights are affected.

### About Our School

#### BULLYING, HARASSMENT, AND SAFETY POLICIES

Behaviors that hurt others, break down trust and limit the potential of the learning community to grow and thrive are not acceptable. Broken agreements are opportunities for children and adults to reaffirm the mutual values of care and respect for one another that are central to the culture of Opal School. With each incident of misbehavior, staff take into account the particular circumstances of the individuals involved and will assist in a resolution according to the values of the school. Staff use a process of identifying the problem, listening, dialogue, problem-solving and resolution with the individuals and/or groups involved in and affected by conduct that hurts and violates others.

#### EXTRACURRICULAR ACTIVITIES

Opal School students regularly visit exhibits and studios after school at the Portland Children's Museum (our home). Our students have a wide variety of interests and participate in many community- and school-based extracurricular programs, including sports, language, music, theater, and outdoor education, however our school does not offer formal onsite extracurricular activities.

#### PARENT ENGAGEMENT

Opal School offers many opportunities for parents to engage with their student and their student's education, including formal and student-led conferences, curriculum nights, weekly hikes, community celebrations (e.g. author's tea), and informal gatherings. The Opal Advisory Council and its committees bring together staff and parents to build community and to fundraise for the school. Parents plan and execute community-building events (examples: Lantern Walk, Opal Boogie) and support school activities such as Field Day.

#### COMMUNITY ENGAGEMENT

We appreciate our Washington Park neighbors - Hoyt Arboretum, Oregon Zoo, and the World Forestry Center - as valuable resources for Opal School students and visiting educators. We also appreciate our landlord, Portland Parks and Recreation, for maintaining our building. Please contact us if your community organization is interested in collaborating with Opal School, and we will be happy to talk with you about options.

Portland Public Schools  
Annual Performance Framework and Report

Opal Charter School  
2018-19 School Year

Submitted by:

Tara O'Neil  
Program Director, Charter Schools

## **Introduction**

Charter schools in Oregon are defined in statute as “...a legitimate avenue for parents, educators and community members to take responsible risks to create new, innovative and more flexible ways of educating children within the public school system. The Legislative Assembly seeks to create an atmosphere in Oregon’s public school system where research and development of new learning opportunities are actively pursued.” (ORS 338.015)

The charter schools sponsored by Portland Public Schools provide educational options for students and families as well as diversity of professional opportunities for school employees. While the district provides oversight and support to its sponsored charters, each charter school is an independent, nonprofit organization that has autonomy over its mission, strategic planning, budget, hiring, policies, and the development and implementation of its educational program.

Portland Public Schools is responsible for maintaining high standards for its sponsored charter schools, and for ensuring that charter schools are compliant with all applicable laws, that their academic programs are successful, they are financially viable, and their organizations are effective and responsibly managed. The district balances oversight with an understanding of the independence and autonomy afforded public charter schools by law.

In so doing, PPS has established the following performance framework, which is informed by best practice from the Core Performance Framework and Guidance developed by the National Association of Charter School Authorizers (NACSA). This performance framework is designed to measure each charter school’s academic, financial, and organizational performance, and to “...guide practice, assess progress, and inform decision-making over the course of the charter term and at renewal.”<sup>1</sup>

Because each charter school’s story and perspective on its own performance is critical to a balanced evaluation process, each measure includes space for narrative explanation and/or further description from both the district and the charter school. It is our hope and goal that PPS and the charter school will fully engage in the process of program evaluation each year and at the renewal period, and that this process contributes to the continuous improvement of each charter school and the PPS Charter Schools Office.

Program Director, Charter Schools

## **Academic performance: data elements and sources**

The purpose of the Academic Performance section of the Annual Performance Framework and Report is to evaluate whether or not the charter school's educational program is showing success with its students.

Many of the indicators for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance", while the performance targets and ratings are aligned with the targets and ratings in the Oregon Report Card.

***Note: The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the redesigned Oregon Report Card beginning in the 2017-18 school year. Instead schools are rated on up to 6 (for k-8) or 9 (for HS) separate indicators.***

The following data elements and sources are used to complete the Academic Performance analysis:

- The charter school's Oregon Report Card
- The charter school's State Assessment results
- The charter school's contract
- The district's Oregon Report Card
- The district's State Assessment results
- Performance and growth information for comparison schools, as defined by the Oregon Department of Education
- The Administrator's Dashboard

Additionally for high schools only:

- The school's graduation rate
- The district's graduation rate
- The school's completion rate
- The district's completion rate
- The school's freshmen on track rate
- The district's freshmen on track rate
- The graduation, completion, and dropout rates of comparison schools, if applicable, as defined by ODE

Additionally for grades 6-12 only:

- The charter school's alignment to Common Core State Standards as evidenced by course syllabi, course descriptions, curriculum alignments, etc.

## 1. Oregon School Rating System

<b>Measure 1a</b> Is the school meeting acceptable standards according to the Oregon State school rating system?
<b>Exceeds standard:</b> <input type="checkbox"/> School received the highest rating from the state accountability system
<b>Meets standard:</b> <input type="checkbox"/> School received a passing rating according to the state accountability system
<b>Does not meet standard:</b> <input type="checkbox"/> School did not receive passing rating according to the state accountability system
<b>Falls far below standard:</b> <input type="checkbox"/> School identified for intervention or considered failing by the state accountability system
District comments/recommendations: <b>N/A, the current version of the Oregon Report Card no longer gives single ratings to schools</b>
School comments:

<b>Measure 1b</b> Is the school meeting state designation expectations as set forth by the state and federal accountability system?
<b>Exceeds standard:</b> <input type="checkbox"/> School was identified as meeting long term academic accountability indicators as defined by Oregon's ESEA Plan
<b>Meets standard:</b> <input checked="" type="checkbox"/> School was identified as meeting interim targets of academic accountability indicators as defined by Oregon's ESEA Plan
<b>Does not meet standard:</b> <input type="checkbox"/> School was identified as falling below the interim target but not in the lowest 10% of schools as defined by Oregon's ESEA Plan
<b>Falls far below standard:</b> <input type="checkbox"/> School was identified as in the lowest 10% of schools as defined by Oregon's ESEA Plan
District comments/recommendations: The school has not been identified for Targeted (TSI) or Comprehensive (CSI) Supports.
School comments:

**Measure 1c**

How are **All Students Total (3-5)** and **by Grade Level** achieving on state assessments in English Language Arts (ELA) compared to students in the district?

**E=Exceeds standard:** School's average achievement rate exceeds the average district performance of students in the same grades by at least 10%

**M=Meets standard:** School's average achievement rate meets or exceeds the average district performance of students in the same grades by up to 10% (or within variance of one student)

**D=Does not meet standard:** School's average achievement rate is less than the average district performance of students in the same grades by 1-10%

**F=Falls far below standard:** School's average achievement rate is less than the average district performance of students in the same grades by more than 10%

Data:

English Language Arts	School Valid Test Data	School N	District Valid Test Data	% +/-	MIP*	Rating
<b>All Students 3-5</b>

<b>% participation</b>	<b>80.5</b>		<b>94.4</b>		94.5	
Gr 3 %	42.9		55.6			
Gr 4 %	62.5		56.4			
Gr 5 %	90.9		65.1			

\*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan

District comments/recommendations:

The school meets average District performance in English Language Arts, exceeds the MIP, and meets the Oregon Report Card Level 3 State Goal of 54-66.9%. This data is based on actual tests taken; participation rate for Opal was 80.5%. **It is recommended that Opal School increase its participation rate to increase the statistical validity of testing data.**

School comments:

Opal School continues to communicate with families about the importance and impact of student participation in OSAS testing. Oregon state law also requires that we honor a parent request that their student not participate in OSAS testing. High variability in scores is inherent in any small population, and the population at Opal School (~15 students per grade) presents a challenge - any t-test is unlikely to show statistical significance.

**Measure 1d**

How are **All Students Total (3-5)** and **by Grade Level** achieving on state assessments in MATHEMATICS compared to students in the district?

**E=Exceeds standard:** School's average achievement rate exceeds the average district performance of students in the same grades by at least 10%

**M=Meets standard:** School's average achievement rate meets or exceeds the average district performance of students in the same grades by up to 10% (or within variance of one student)

**D=Does not meet standard:** School's average achievement rate is less than the average district performance of students in the same grades by 1-10%

**F=Falls far below standard:** School's average achievement rate is less than the average district performance of students in the same grades by more than 10%

Gr 4 %	57.1		48.0			
Gr 5 %	54.5		43.3			

\*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan

District Comments/Recommendations:

The school falls slightly below the average District performance in Math, however meets the MIP, and meets the Oregon Report Card Level 3 State Goal of 43-61%. This data is based on actual tests taken; participation rate for Opal was 78%. **It is recommended that Opal School increase its participation rate to increase the statistical validity of testing data. Additionally, PPS recommends Opal School investigate effectiveness of its k-3 mathematics instruction, as the 3<sup>rd</sup> grade test data is the only level showing results lower than District average.**

School comments:

Opal School added an Academic Action Goal for 2019-20 to strengthen K-5 mathematics instruction. In 2019-20, we expanded instruction hours, purchased newly-available mathematical contexts (to replace school-developed curricula in specific strands), purchased assessment tools for teachers tied to mathematical landscape, and added a professional development focus.

**Measure 1e**

How are **Students of Special Populations** achieving on state assessments in English Language Arts (ELA) compared to the **Students of Special Populations** in the district?

**E=Exceeds standard:** School's average subgroup achievement rate exceeds the average district performance of students in the same subgroup in the same grades by at least 10%

**M=Meets standard:** School's average subgroup achievement rate meets or exceeds the average district performance of students in the same subgroup in the same grades by up to 10% (or within variance of one student)

**D=Does not meet standard:** School's average subgroup achievement rate is less than the average district performance of students in the same subgroup in the same grades by 1-10%

District Comments/Recommendations:

The school meets average District performance and exceeds State MIP for Students with Disabilities; all other Students of Special Populations are not rated due to small sample size.

School comments:

**Measure 1f**

How are **Students of Special Populations** achieving on state assessments in MATHEMATICS compared to the **Students of Special Populations** in the district?

**E=Exceeds standard:** School's average subgroup achievement rate exceeds the average district performance of students in the same subgroup in the same grades by at least 10%

**M=Meets standard:** School's average subgroup achievement rate meets or exceeds the average district performance of students in the same subgroup in the same grades by up to 10% (or within variance of one student)

\*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan

\*\*Metric is based on 3-year average to include large enough sample to report

-- Not reported, did not meet minimum N

District Comments/Recommendations:

The school does not meet average District performance for Students with Disabilities, however it meets State MIP (within variance of one student). The metric is based on Oregon Report Card combined average of 3 years results due to small yearly sample size. All other Students of Special Populations are not rated due to small sample size.

School comments:

Opal School added an Academic Action Goal for 2019-20 to strength K-5 mathematics instruction. In 2019-20, we expanded instruction hours, purchased newly-available mathematical contexts (to replace school-developed curricula in specific strands), purchased assessment tools for teachers tied to mathematical landscape, and added a professional development focus.

<b>Meets standard:</b> <input checked="" type="checkbox"/> Current ratio is greater than or equal to 1.1
<b>Does not meet standard:</b> <input type="checkbox"/> Current ratio is between .9 and 1.0 or equals 1.0
<b>Falls far below standard:</b> <input type="checkbox"/> Current ratio is less than or equal to .9
District comments/recommendations: Current ratio is 2.20, meets standard
School comments:

<b>Measure 9b</b> Unrestricted days cash: Unrestricted cash divided by (total expenses minus depreciation expense) / 365)
<b>Meets standard:</b> <input checked="" type="checkbox"/> 60 days cash -OR- <input type="checkbox"/> Between 30 and 60 days cash and one-year trend is positive

<b>Falls far below standard:</b> <input type="checkbox"/> Fewer than 15 days cash
District comments/recommendations: School has 210.1 days unrestricted cash, meets standard
School comments:

**Measure 9c**

Enrollment variance: actual enrollment divided by enrollment projection in most recent charter school board-approved budget

**Meets standard:**

Enrollment variance equals or exceeds 95% in the most recent year

**Does not meet standard:**

Enrollment variance is between 85-95% in the most recent year

**Falls far below standard:**

Enrollment variance is less than 85% in the most recent year

District comments/recommendations:

Enrollment variance is 1.04, meets standard

School comments:

**Measure 9d**

Default

**Meets standard:**

School is not in default of loan covenant(s) and/or is not delinquent with debt service payments

**Falls far below standard:**

School is in default of loan covenant(s) and/or is delinquent with debt service payments

## 10. Sustainability Measures

### Measure 10a

Total Margin: Net income divided by total revenue

Aggregated total margin: Total 3-year net income divided by total 3-year revenues

#### Meets standard:

Aggregated 3-year total margin is positive and the most recent year total margin is positive

-OR-

Aggregated 3-year total margin is greater than -1.5%, the trend is positive for the last 2 years, and the most recent year total margin is positive

#### Does not meet standard:

Aggregated 3-year total margin is greater than -1.5%, but trend does not “meet standard” (above)

#### Falls far below standard:

Aggregated three-year total margin is less than or equal to -1.5%

-OR-

The most recent year total margin is less than -10%

District comments/recommendations:

Aggregated 3-year total margin is 1.96%, total margin is -0.11%; does not meet standard.

The aggregated 3-yr total margin is positive, which indicates the organization is not at financial risk at this time; the total margin is slightly negative, but not less than -1.5%, which means the indicator bears watching moving forward, but is not of concern currently.

School comments:

As a program of the Portland Children’s Museum, Opal School continues efforts to budget and control the use and expense of centralize services and core mission support.

### Measure 10b

Debt to asset ratio: Total liabilities divided by total assets

#### Meets standard:

Debt-to-asset ratio is less than 0.9

#### Does not meet standard:

Debt-to-asset ratio is between 0.9 and 1.0

#### Falls far below standard:

Debt-to-asset ratio is greater than 1.0

District comments/recommendations:

Debt-to-asset ratio is 0.19, meets standard

School comments:

**Measure 10c**

Multi-year cash flow = Year 3 total cash - Year 1 total cash

One-year cash flow = Year 2 total cash - Year 1 total cash

**Meets standard:**

Multi-year cumulative cash flow is positive and cash flow is positive each year

-OR-

Multi-year cumulative cash flow is positive, cash flow is positive in one of two years, and cash flow in the most recent year is positive

**Does not meet standard:**

Multi-year cumulative cash flow is positive, but trend does not “meet standard” (above)

**Falls far below standard:**

Multi-year cumulative cash flow is negative

District comments/recommendations:

Multi-year cash flow is \$155,937 and one-year cash flow is \$161,221; meets standard

School comments:

**Measure 10d**

Debt service coverage ratio: (net income + depreciation + interest expense) / (annual principal, interest, and lease payments)

**Meets standard:**

Debt service coverage ratio is equal to or exceeds 1.1

**Does not meet standard:**

Debt service coverage ratio is less than 1.1

District comments/recommendations:

Debt service coverage ratio is 0.24, does not meet NACSA recommended standard, however the school carries no debt and has maintained a healthy cash balance. In addition, the school’s facility is effectively donated so there are few, if any, costs associated with occupancy. This measure is not of current concern.

School comments:

The debt service coverage ratio is used to compare cashflow available to meet interest and principal payments. Opal School’s lease payments are an inkind calculation, and do not depend on cashflow.
