Search and Seizure

4.30.040-P

~~11/26/2019~~ 2/19/20 4/21/20 5/28/20 Draft

1. Purpose

The Board of Education is committed to maintaining a safe school environment while respecting the privacy rights of students. The purpose of this policy is to preserve and foster a safe, non-disruptive educational environment for effective teaching and learning, to maintain a safe school climate, and to achieve these objectives consistent with the law.

The Board recognizes that each student shall have the right to privacy at school with respect to each individual person, which is also accorded to public school students by law. To protect the educational climate and the health and safety of students and staff, school officials are empowered to conduct searches of students and student property when the school official has a reasonable suspicion that there has been a violation of a law, District policy, or school rule or policy, and the official has a reasonable suspicion that the search will produce evidence of that wrongdoing. Parents/guardians shall be notified after a search of a student's person or property and shall be informed of the results of the search.

2. Racial Equity & Social Justice Framework

In alignment with the PPS Racial Education Equity Policy and resulting PPS RESJ Framework and Plan, PPS acknowledges the practices that lead to overrepresentation of students of color in discipline. We understand systemic and cultural racism in both the education and criminal justice system and resulting presence of bias in the interpretation ~~in~~ of reasonable suspicion. In alignment with PPS vision and values, the ~~e~~District will adopt practices that confront and eliminate bias in ~~the~~ interpretation of reasonable suspicion.

3. Searches

A school official may conduct a search during the school day and during all school-sponsored activities such as athletic events or concerts, whether on or off school property. In conducting a search of a student or student property, a school official shall take reasonable steps to preserve student privacy and dignity whenever possible and encourage student cooperation in any search.

The School District provides students with storage areas, such as lockers, desks, and similar areas and also provides students certain technology, software, and internet access (collectively, "District Property"). Students do not have an expectation of privacy in District Property. School officials are permitted to search District Property or other non-student property as needed and without reasonable suspicion, student/parent/guardian consent, or notification. They are also permitted to inspect unidentified items found on PPS property without reasonable suspicion.

Students and parents/guardians shall be notified of the District's policy regarding search and seizure in readily-available materials, such as the Student Handbook [insert link]. ~~Students and parents/guardians will also be notified of complaint procedures available to them.~~

4. Parent/Guardian Notice
