Implications

- AD should result in us reaching roughly 80% of students taking a full load at each high school
- Some students do not want to take 8 classes as juniors
 - Even off track students may have legitimate reasons for not taking a full load.
- Students can earn up to 32 credits in 4 years.

State Proposed Exemptions

1. Seniors who have met graduation requirements.
2. Seniors who are on track for graduation
3. Students taking accelerated coursework (AP, IB, Dual Credit)
4. Alternative Schools

Recommendation

As per Staff Report on Instructional Time, we recommend you approval all exemptions

- Allows schools, counselors, and families to select the high school schedule for their students to ensure on time graduation and makes sense.
