## refresher - criteria

### LRFP

- Use the bulk of the money from each capital phase to modernize schools
- Significantly rebuild/fully renovate the portfolio over a 24- to 40-year time frame
- Allocate some money to fix the worst facility needs

### 2017 bond development committee

- Continue the plan of re-building/modernizing high schools first, and including three high schools in each of the next two bonds

\* THESE NUMBERS ARE SAMPLES PROVIDED TO FACILITATE DISCUSSION. THEY ARE NOT ESTIMATES AND ARE NOT SPECIFIC TO A PROJECT OR A SCOPE OF WORK.

so what does that mean?

Appears we are contemplating a bond with the following attributes:

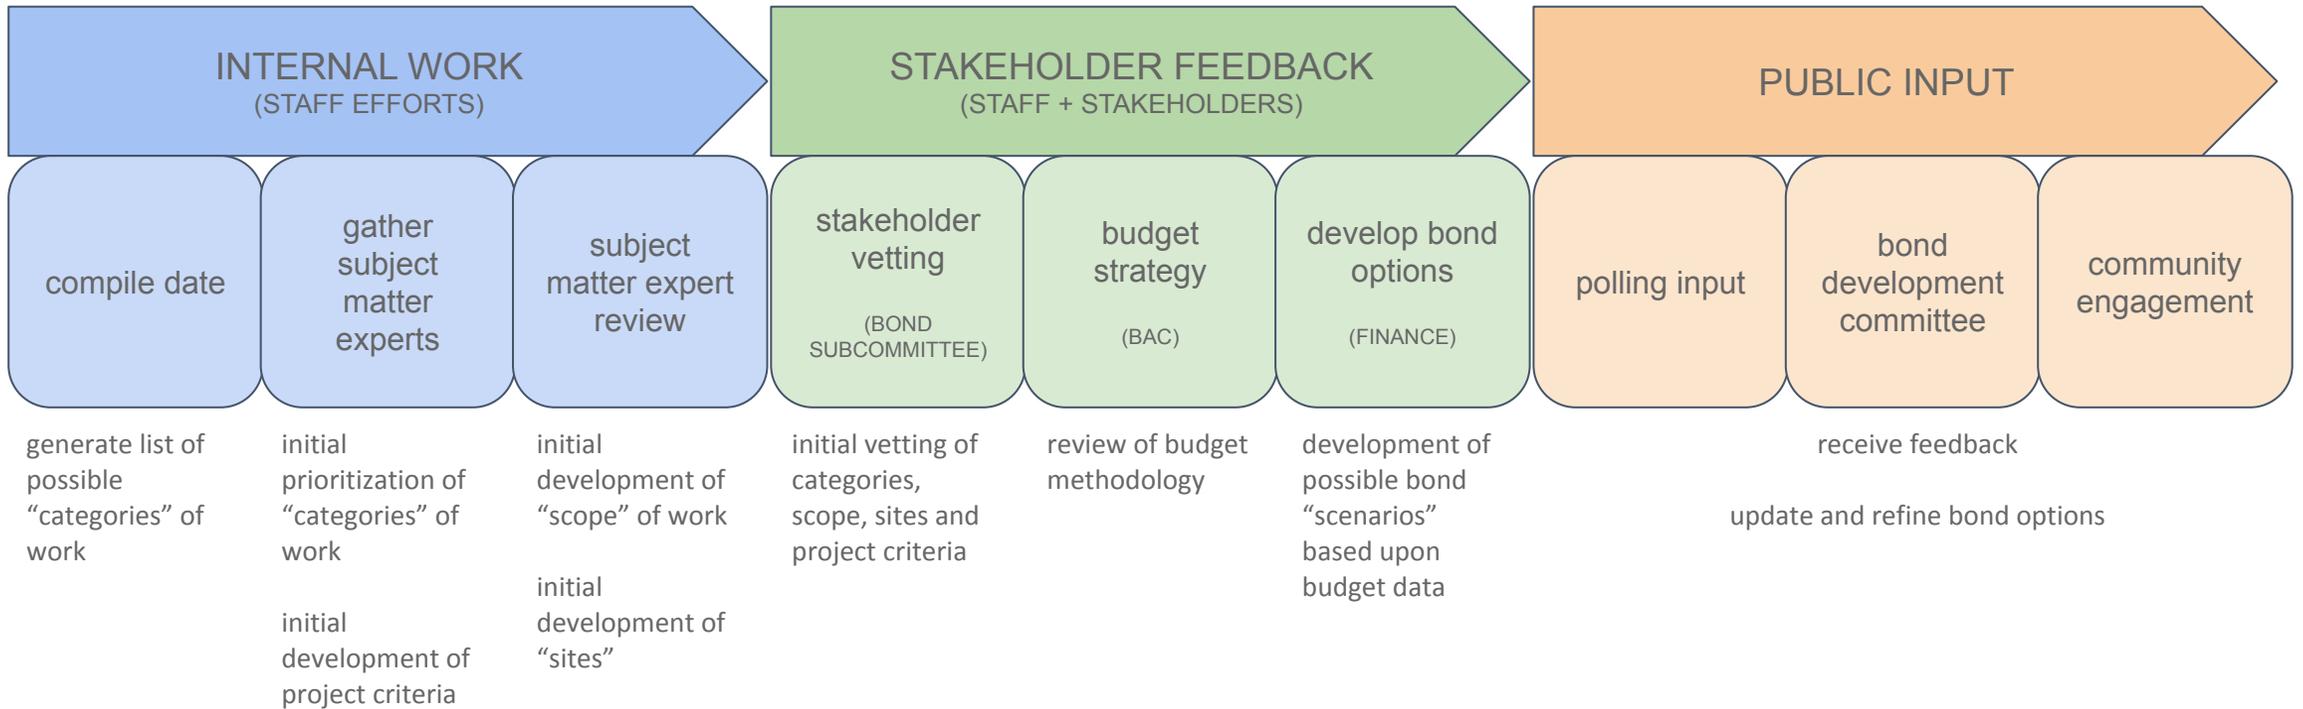

- 8-year ballot ~ \$1.4 billion
- includes Benson plus Cleveland, Jefferson and Wilson
- includes funds for to “fix the worst facility needs”

## how is “the worst” defined

Staff has approached this question by reviewing:

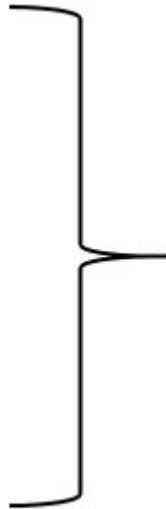

- Facility Condition Assessment Data
- Work Order Data
- Project Development Request Data
- Subject Matter Expertise

# FYI - the November 7 Committee Meeting had more detail on the process

# physical facility improvements priorities

- Facility Condition Assessment
- Work Order Data
- Project Development Request Data
- Subject Matter Expertise

HIGHER PRIORITY
ROOF
MECHANICAL
SECURITY
SEISMIC
FIRE SPRINKLERS
ADA
ELECTRICAL
PLUMBING
PLAY STRUCTURES
ASBESTOS
ENERGY
PAVING
FLOORING
LOWER PRIORITY

OTHERS
STAGE RIGGING
NUTRITION SERVICES
STORMWATER MGMT
PAINT
EXTERIOR SKIN

## educational improvements priorities

### FCA's "worst" condition

1. SPED
2. Music
3. Art
4. Security
5. PE

### Team's Draft Priorities

1. Security
2. Technology
3. SPED
4. Restrooms
5. PE

### Others

- Grant "bowl"
- Athletics
- PD space
- FF&E
- CTE labs

so what does that mean?

- with the tentative parameters of:
  - 8-year ballot ~ \$1.4 billion
  - include Benson plus Cleveland, Jefferson and Wilson
  - include some funds for to “fix the worst facility needs”
- and with the draft staff priorities just reviewed
- a bond package could look like: see [HANDOUT](#)

## Discussion Questions:

- Is one option clearly more preferable than the others?
- Do the scopes of work within the categories of work seem about right? Is there anything clearly missing?
- Does the priority of the scope of work seem about right? Is there any scope that seems clearly too low or too high?
- Are there specific scopes of work or items that warrant discussion or special consideration?

## next steps

### February

- staff proposes potential bond priorities including
  - bond amount
  - modernizations
  - educational improvements
  - physical facility improvements
  - capacity improvements
  - preliminary project/scope costs

### Upcoming

- community input on
  - bond amount
  - modernizations
  - educational improvements
  - physical facility improvements
  - capacity improvements
