### A Message from Principal Pam:

Dear Families,

I can't believe it's been a month since we were at school at Llewellyn! I hope all of you are doing well and are becoming a bit used to this "new normal." What does the "new normal" look like for you? How are you keeping from going stir while staying home and staying safe? Are you able to move away from screens? Are your children?

For me the anxiety of leading a school from a distance has definitely been reduced by the sunshine. Being able to walk with my husband in the morning and sitting on my patio in the evening after dinner has been a plus. I have also enjoyed having the time to be with my family. How many times do you get to have dinner with your family every night in a week? For me that doesn't happen as much as I would like it to when we are all working or going to school away from home.

I hope distance learning has been going well for your child(ren). I know Llewellyn teachers have been working overtime to prepare activities, answer emails, resolve tech trouble, and provide support for students and families. When we meet together, they love to talk about their time interacting with their students. They are so thankful for all of you who are teaching and supporting students at home. We truly couldn't make this work without your support. We know that this is asking A LOT of all of you as you try to balance the rest of your life around on-line learning. I have encouraged my teachers to remember to give themselves grace as we take on the challenges of Home Based Distance Learning. I would ask that you do the same. We are already getting better and better each day. We can do this when we do it together!

The Llewellyn staff would like to **Thank You** for your support during our **Parade** through the neighborhood. Although I felt a tinge of sadness when I saw students thinking about not being able to finish the year in person, my heart soared at the excitement and love we felt from the cheers, signs, demonstrations. I know the teachers felt the same way.

Along those same lines, we would like to reach out to you to share words of support and hope to keep going, keep staying strong. Attached is a slide show created by the Llewellyn Staff. I hope you enjoy it anyway! Please share it with your children. <https://photos.app.goo.gl/izLXDtpsHov8iedQ6>

Please don't hesitate to reach out if you need any type of support. Remember to go to the Home Based Distance Learning to find information about meals, technology, and other important ways PPS can help. Have a great week!

Stay Healthy, Stay Home!

Mrs. Gwynn
