The PIL Open Golf tournament is one of the 3 main fundraisers; POA Holiday Classic, MLK Invitational, and the PIL Open. Our Foundation generates resources to support athletics and serve our students enrolled in the Portland Public School (PPS) district. One in three PPS students, grade 6-12, participate in PIL athletic programming. Over the past five years, the PIL has grown from providing opportunities for 5,500 student-athletes to providing opportunities for over 13,000 student-athletes. With the continual expansion of athletic opportunities, there is greater need for additional resources. Currently, PIL receives less than 1% of the PPS General Fund. Our goal is to raise \$100,000.00 to close the funding gap for the 2020-2021 school year.

Key Program Funding Areas: PIL Youth Sports Program (PILYSP), College Access Program (assisting every PIL senior in participating in collegiate athletics), Equity Funding for low SES schools (Jefferson, Benson Roosevelt, Madison), Equity Funding dollars to support underserved populations (females, students of color), Growth and expansions of opportunities (Lacrosse, Soccer, & Softball in low SES communities)

We ask you to support our efforts to help provide sustainable programming for our Youth by doing one or more of the following:

- ❖ Join us on the course- Individual or 4some entry
- ❖ Sponsor- there are several level of opportunities
- ❖ Assist in fundraising- secure sponsorships, donations for the auction and raffle
