A "SLICE" OF GRATITUDE FROM GRANT'S ALUMNI ASSOCIATION

The Grant staff was treated to a surprise luncheon yesterday, provided by Grant's Alumni Association. The Association wanted to show their gratitude for all of the hard work and dedication our staff has shown to our students this school year, and in particular, over the past two weeks. On behalf of the Grant staff, Principal McGee would like to thank the Alumni Association, Blind Onion Pizza, and Amalfi's for their generosity in helping to make this happen.

SPORTS MARKETING WINS AWARD!

The Grant High School Sports Marketing class wins **Sports Career Consulting's 7th annual National Fantasy Football Expansion Franchise Challenge!**

Sports marketing classes from across the country compete in SCC's sports marketing competition. Students develop a business and marketing plan for a new NFL expansion franchise. The challenge includes six projects over the course of the fall semester. The sports marketing challenges are designed to address fundamental sports business strategies. Students are required to demonstrate an understanding of sports business principles like budgeting, marketing plans, branding, digital/social media marketing, ticket sales, public relations and sponsorship. Each challenge is evaluated and scored by a panel of industry professionals to determine the top performing class in the country. Your very own Grant High School Sports Marketing Class has been crowned the 2021 champions.

COURSE REQUEST PROCESS 2022-23

It has been inspiring to see our 9th through 11th grade students excited about requesting their courses for the 2022-2023 school year. Last week, your student was given a copy of a Step by Step Course Request Form and asked to begin completing the form and entering their requests into StudentVue. That form, a copy of which can be found through this [link](#), explains all the steps necessary to enter course requests into StudentVue.

Counselors have begun to meet with rising 12th grader students and will meet with rising 10th and 11th grade students in the coming weeks. Please remind your student to complete their form and enter their requests into StudentVue. Information about the entire course request process, our course guides, and a FAQ can be found through this [link](#).

If you have immediate questions, please do not hesitate to reach out to your student's counselor or to Scott Roosevelt, VP of Curriculum and Instruction.

PRE 9TH GRADE CREDIT REMOVAL

Credit may be offered for selected academic courses taken prior to grade nine in the pre-grade nine courses that meet the same, or equivalent, criteria as a high school course. Students must earn a grade of “C” or better, and enroll in the next appropriate course at the high school level. These grades will be factored into the student’s grade point average (GPA). If a student wants a pre-high school credit removed from their transcript, they must complete the required paperwork before the end of the first semester of their freshman year. See your counselor for more information or download and print out this form and return it to the counseling office before the end of the 1st Semester of your Freshman (9th grade) year.

TEST TO STAY

As part of our ongoing commitment to increase in-person learning for all students, we are pleased to announce that in partnership with OHA/ODE we will start the Test to Stay program the first week of January of 2022.

Benefits of Test to Stay: Given the lower level of COVID-19 in schools, students exposed at school will have the opportunity to stay in in-person learning and minimize the impact quarantine has had on their education. This is called a modified quarantine and requires students to continue to wear masks during any activity that does not require its use, for example band, athletics, etc., until day eight (8). Students must remain symptom free and will be provided two tests during their quarantine period. **You can help expedite the process by signing and returning the consent form for the BinaxNOW rapid nasal swab test, unless you already did it this year.** Forms are available in the front office of each school.

For students who were exposed outside of the school day (at home, extracurricular activities, etc), we will have available the Test to Return process. This process will allow students to return on Day 8 after an exposure with any negative antigen or per COVID-19 test performed between days 5-7.

As always, vaccinated students who do not have symptoms do not have to quarantine or Test to Stay. We will share more specifics about this program in early January.

OHSU COVID-19 SCREENING TESTING

K-12 students can sign up to get free weekly COVID-19, PCR tests through their school during the 2021-2022 school year. The Oregon Health Authority (OHA) has contracted with OHSU to provide these tests to participating K-12 schools in Oregon. Grant High School will be participating in this important program. Parents can Opt their students into this program by completing the attached forms (Opt in form + OHSU Authorization form) and return to the main office at Grant HS.

Please note: This partnership program has multiple steps and processes that may take 2-3 weeks before we can distribute a test kit with labels to the student. After submitting paperwork to the Main Office, students should check in every Monday for status.

Our program rolled out on November 15th and continues on Mondays (when school is in session):

Mondays -

Students pick up test kits from the main office as they leave for the day.

Tuesdays -

Students complete their saliva sample, at home, before they come to school. Then, they bring to school, the labeled saliva sample tube, in the labeled biohazard bag, and drop it off at the main office on their way into school that morning.

For additional questions, you can reach out to OHSU, via their OHSU family support email: <https://www.ohsu.edu/health/k-12-covid-19-screening-program>

Expectation of Communication from OHSU: **OHSU is committed to sending results to ALL families within 48 hours.** Positive and inconclusive results will receive a phone call; negative results will generate an email. If families do not receive their email they should check ParentVUE to ensure the correct email address is provided, and let their school know that it has been updated. For questions, please contact our Business Manager, Ms. Roberts at croberts@pps.net.

Please click this [link](#), to learn more about this program.

AND SOME CAREER EXPLORATION EDUCATION AND INSPIRATION:

1. What are "PLRs"?

Freshman, Sophomore and Junior students - y'all have been reviewing your transcripts this past week in preparation for forecasting classes for the 2022-23 school year. Did you see a section on "PLRs" and wonder about that? Well, in addition to meeting credit requirements, all Oregon high school graduates must complete "PLRS" or "Personalized Learning Diploma Requirements". These are your Career Related Learning Requirements: by the time you graduate, you need to have completed 2 Career Related Learning Experience Reflections, created a Resume and written a My Plan Essay. Completion of each student's Personalized Learning Requirements (PLRs) is tracked by Ms. Kokes, our Career Coordinator, through Synergy.

2. How does Career Related Learning happen at Grant?

We build in lots of infrastructure for students to explore careers, from their Freshman *Community Career Fairs* to working alongside professionals in a [Career Technical Education \(CTE\)](#) class to actually heading out to visit workplaces and industry leaders via *Career Days*. Note, with the on-going COVID pandemic we have had to pivot to virtual career talks and events but we hope to get back to in person activities soon! Information on registering for these virtual events and other happenings across the Portland area is always included in the Friday Bulletin and posted on our [GHS College and Career Central](#) Instagram feed. See below!

3. Next week's Future You 2 Go Career Talks - if you would like to attend one of these talks, check in with your teacher to them know you're attending a virtual career talk, come to the College and Career Center, Room 128, for viewing and we'll give you a pass to get back to class:
