OHSU COVID-19 SCREENING TESTING

K-12 students can sign up to get free weekly COVID-19, PCR tests through their school during the 2021-2022 school year. The Oregon Health Authority (OHA) has contracted with OHSU to provide these tests to participating K-12 schools in Oregon. Grant High School will be participating in this important program. Parents can Opt their students into this program by completing the attached forms (Opt in form + OHSU Authorization form) and return to the main office at Grant HS.

Please note: This partnership program has multiple steps and processes. Please expect that students will not begin to take test kits home until late October. The tentative timeline to roll out this program is:

10/4-mid October: Grant HS will begin collecting Opt-In Forms from students (ongoing). First batch of data sent to OHSU to process.

Mid October-late October: Once OHSU receives student data and signed forms, they will create a patient record and generate labels for the testing samples. This process will take up to 10 days. OHSU will deliver testing supplies to schools for distribution once this is complete.

Late October: Grant HS will begin the weekly routine of students picking up test kits, to take home, on Mondays, and return their testing samples to school on Tuesdays. OHSU will pick up on Tuesdays. This will be the set routine for Grant HS, until further notice.

We'll let you know if this timeline changes and keep you apprised as we move along. For questions please contact our Business Manager, Ms. Roberts at croberts@pps.net.

Please click this [link](#), to learn more about this program.

COVID-19 Screening Testing Authorization Form

A paper hard copy packet will be sent home TODAY with your student. The packet will be distributed during periods 1-8 English classes.

BELL SCHEDULES/SCHOOL CALENDAR FLEX DAYS ARE BACK - WITH A CHANGE

In an effort to keep our students and staff safe we will be moving Flex to the end of the day. For the purpose of contact tracing, students who do not want to work with a teacher will be asked to leave the building. Teachers will be asked to limit the number of students in their Flex space at any given time to a set number of students. Students will be expected to sign in and out as well as record the times they are present in that space. Staff will monitor this process and be expected to record where students sit while working with them.

VACCINATION STATUS FOR STUDENTS SURVEY

Families received a brief survey on September 16th (5-10 minutes) about students and the COVID-19 vaccination.

In short, we'd like to determine how many of our students (ages 12 and older) are fully vaccinated against the virus and as we anxiously await approval for the COVID-19 vaccine for younger students (age 5 to 11), we'd like to plan for targeted outreach for families to quickly access the vaccine. The information you share will help us prioritize vaccine access and outreach to schools this fall.

Included in this brief survey is a question about your student's home access to a computer and the internet. As we become a district that further integrates the use of technology in our teaching and learning, this information will better prepare us to equip students and families with these tools.

Please take a moment to complete your unique survey by September 30, 2021. Families can also upload their students vaccination status when they complete the yearly registration verification process.

Directions are [here](#): When families have it uploaded, it shows up in synergy under the documents tab on the student page. Thank you for your support in taking this survey.

GHS RESOURCE CENTER

September is Suicide Awareness Month

September is Suicide Awareness Month, a time to bring greater awareness to an often taboo issue. Each one of us can play a vital role in ensuring that young people of all identities are provided with safe, accepting and supportive environments at home, at school and in their communities. Now, more than ever we need to find ways to stay connected and offer support. As a parent/caregiver, you can be a lifeguard for your children by understanding the warning signs and risk factors of suicide and providing the youth in your life with support and access to resources. Though recognizing these warning signs and risk factors does not automatically mean that someone is considering suicide, but they may be helpful factors to keep in mind when concerns arise. If you recognize some of the warning signs of suicide in someone you know, or feel that someone you know is at risk for suicide, there are steps you can take to help. When you CARE (Connect, Accept, Respond, Empower), you can potentially save a life: Connect the person to resources and to a supportive, trusted adult. Accept and listen to the person's feelings and take them seriously. Respond if a person has a plan to attempt suicide get help immediately via 911, the National Suicide Prevention Lifeline at 1-800-273-TALK or the Crisis Text Line (text "HOME" to 741741). Empower the person to ask for help. It is okay to talk about suicide, it can help others feel comfortable sharing their own experiences rather than hiding it all inside. If a student reports having suicidal thoughts or you have concerns about a student at risk, be sure to share this with your school counselor or school social worker, they are specially trained in crisis response and will help you know what to do next.

In This Together is a program that supports children, teens, and families who have experienced the death of someone close to them. Our support groups are offered at no cost to the participants. For more information please refer to this [flyer](#)

Grant High School now has Confidential Advocates on campus. What does an advocate do? Advocates provide 100% confidential support to PPS youth of all genders. This includes connecting you to resources and walking alongside you regardless of whether you choose to report to law enforcement or participate in a school-based investigation under Title IX. For more information please refer to [Title IX services](#).

Students, families, and PPS affiliates are welcome to call or text our confidential advocacy hotline at (503) 809-HELP (4357). Operating hours are Monday-Friday 9am-5pm, but texts and voicemails received during off hours will be responded to promptly. We are thrilled to be offering this service as we want to make connecting with advocacy services more accessible for our whole community.

4-Star Hunger Project

The 4 Star Hunger project provides a weekend supply of nutritious food for students/families in need when school lunch and breakfast is unavailable on the weekend or school holiday.
