PPS MASKING UPDATE

On Wednesday, May 11, Multnomah County health officials updated COVID-19 guidance given the current surge in cases. The Multnomah County Health Department now recommends that masks be worn indoors until coronavirus case counts and hospitalizations

fall. The current increase in COVID-19 cases [is expected](#) to peak in mid-June near the end of the PPS's school year.

In alignment with public health guidance, Portland Public Schools strongly recommends that all staff and all students wear masks at schools, in district office buildings and at other indoor events beginning Monday May 16th. This recommendation includes masking at important end-of-year events such as proms, school performances, assemblies and indoor graduation events.

[Summer Scholars](#) registration is now open. Portland Summer Scholars is a high school credit recovery program for students who need to retake a course required for graduation. The pace of our program is somewhat intense in nature due to the condensed time frame we operate in. While most semester courses meet over the span of 18 weeks, our Summer Scholars classes meet for 3 hours per day for 13 days straight. Students will earn .5 credit for each class they successfully complete.

There will be two sessions for students to take courses this Summer:

- **Session 1:** June 27th- July 14th
- **Session 2:** July 18th- August 3rd

In-person classes will be held Monday - Friday, 9:00am-12:00pm at each of the sites listed below.

Online classes will be held Monday - Friday, 1:00p - 4:00pm.

Courses will be offered at four High School locations across the Portland Area

- Grant High School
- Franklin High School
- McDaniel High School
- Roosevelt High School

Interested in enrolling? For students who are interested in recovering credit through Summer Scholars, **they should meet with their high school counselor to review their transcript and choose the appropriate course(s).** Portland Summer Scholars follows a prioritization process for situations when classes fill up to a maximum capacity. Our prioritization process, based on the current school year, is as follows: PPS Seniors PPS Juniors, Credit Recovery and Credit Deficient, PPS Sophomores, Credit Recovery and Credit Deficient, PPS Freshmen, Credit Recovery and Credit Deficient, PPS Students (grades 9-11), Credit Advancement, Non-PPS students.

OHSU COVID-19 SCREENING TESTING

K-12 students can sign up to get free weekly COVID-19, PCR tests through their school during the 2021-2022 school year. The Oregon Health Authority (OHA) has contracted with OHSU to provide these tests to participating K-12 schools in Oregon. Grant High School will be participating in this important program. Parents can Opt their students into this program by completing the attached forms (Opt in form + OHSU Authorization form) and return to the main office at Grant HS.

Please note: This partnership program has multiple steps and processes that may take 2-3 weeks before we can distribute a test kit with labels to the student. After submitting paperwork to the Main Office, students should check in every Monday for status.

Our program rolled out on November 15th and continues on Mondays (when school is in session):

Mondays -

Students pick up test kits from the main office as they leave for the day.

Tuesdays -

Students complete their saliva sample, at home, before they come to school. Then, they bring to school, the labeled saliva sample tube, in the labeled biohazard bag, and drop it off at the main office on their way into school that morning.

For additional questions, you can reach out to OHSU, via their OHSU family support email: <https://www.ohsu.edu/health/k-12-covid-19-screening-program>

Expectation of Communication from OHSU: **OHSU is committed to sending results to ALL families within 48 hours.** Positive and inconclusive results will receive a phone call; negative results will generate an email. If families do not receive their email they should check ParentVUE to ensure the correct email address is provided, and let their school know that it has been updated. For questions, please contact our Business Manager, Ms. Roberts at croberts@pps.net.

Please click this [link](#), to learn more about this program.

Multnomah County Commissioner Meieran is hosting a Youth Mental Health Forum on Saturday, May 21st, at the DoubleTree in the Lloyd District. This will be an opportunity for youth to gather and share their experiences, needs, and challenges with regard to mental health. As this will likely inform many of Commissioner Meieran's priorities related to youth mental health, it's key that we have voices from all of Multnomah County represented. Event registration is now open for youth attendees and youth volunteers.

Below are direct links to the event page, social media graphics, and registration pages and attached are communications resources in both English and Spanish that include pre-packaged Facebook posts, Instagram stories/posts, etc.

In terms of structure, much of the event will be in large group and table-top discussions, but will also include affinity spaces for BIPOC and LGBTQIA2+ youth, a resource fair, as well as mental health professionals on site to support youth who may be triggered during the event.

3. PSU School of Architecture PAID Summer Program:

Portland State University's School of Architecture is launching its inaugural Arch High summer Immersion Program for high school-aged students & alumni aged 14-21. This is a fully-funded program generously supported by an Oregon Community Foundation grant that will cover ALL COSTS around transportation, food, computers, software, and materials for students.

In addition, we will also offer students a STIPEND for their time, as we believe it is imperative to support students in their educational endeavors. We are also proud to announce that a student(s) from this first cohort will be eligible for our inaugural BIPOC Undergraduate Scholarship graciously funded by McKenzie Architects. This opportunity will allow the student to attend PSU on a full scholarship for four years. The program will run from July 5 - July 28th on Tuesdays, Wednesdays, and Thursdays from 9:30 AM - 3:30 PM. During this time, students will be introduced to architecture through guided workshops including drafting & 3D modeling software, drawing, analog model-building, portfolio making, and public speaking.

More specifically, the PSU Arch High Immersion Program is interested in supporting BIPOC, Latinx, Queer, Non-Binary, and other marginalized or under-resourced students in addition to first-generation college applicants. The profession of architecture is one of the least diverse in the United States and we specifically designed this program to actively

change that, while also changing how architecture is taught to students from an early age.

Students will also work with group mentors in creating a pitch topic and presentation for a panel of judges on the final competition day. Two ways to participate: July 18 - July 21 for virtual sessions, and July 24 - July 29 for in-person sessions. Learn more and apply here: <https://www.pdx.edu/business/summer-business-institute>
