ABOUT PORTLAND PARKS PRESCHOOL

Portland Parks Preschool is based on the developmental philosophy that children develop and grow at their own rate. We believe that play is an important avenue for learning. As children imitate what goes on around them, they begin to understand how things work and how they are used. Initially, this is a process of trial and error. However, with time and repetition, they use new information to increase their understanding of the world around them.

HOW TO REGISTER

- To participate in the initial registration lottery, Complete the online application by Wednesday, February 22
