Grant High School Course Request Form 2019-2020

9th Grade

Forecasting provides you with the opportunity to identify the core courses required for you to graduate as well as elective courses available to you that can both enhance and support your school experience. Portland Public Schools requires 24 credits to graduate. A full schedule of eight classes provides you with the opportunity to take maximum advantage of the educational opportunities available to you. You should carefully review the list of courses available, consult with your parents and counselor, as needed, and select eight courses along with three alternate course choices that help you meet your educational goals.

Required 9 th Grade Community Classes		Required Math Class (Select One)	
Class	Course Code	Class	Course Code
English	1001	Algebra 1-2	2031CC
Modern World History	2707	Geometry 1-2	2034CC
Physics - NGSS	1730A	Geo Tech:

Choose your **EIGHT** classes that you would like to take during your freshmen year. Remember, we suggest you keep taking a World Language if you took a world language in middle school and earned high school credit. You can take PE & Health either your 9th or 10th grade year. **Make sure you include alternative electives (see below).** If you don't include alternates, you may be placed in classes you do not want or in a study hall.

Required Classes	Course Code
English 1-2	1001
Modern World History	2707
Physics	1730A
Math -	

Now write **EIGHT** electives in order of your preference. We will do our best to get you in your top 4 electives, but having the other 4 will ensure you get classes you want.

I have reviewed the Course Guide and discussed my course selections with my parent/guardian. **I have made my choices thoughtfully, and I understand that I will NOT be allowed to make changes in the fall.** Course offerings and staffing decisions are based on student forecasting, so please make sure your forecasting sheet is accurate.

ELECTIVES – Take a moment to put your core courses onto the course planning guide on the front. Once you have those courses listed, you will see how many elective spots you have left. Read through the options and refer to your course guide for more information about any of the electives listed below. Remember – you need to forecast for **EIGHT** classes and you need **FOUR** alternate classes as well. You have lots of space in your schedule in the next four years to take many different electives and options. **Rank your over all 8 elective choices in order with “1” being your first choice.** You can then enter that information into the planning area on the front page.
