What is the expected timeline for further guidance on the location for Harrison Park's current K-5 students and the impact on Creative Science School?

18:20:03 From Jackson Weinberg | he/she | Student rep to Everyone:

The resolution states "Realign middle school boundaries so that the Kellogg building is located within its own attendance area." Could you explain what that means/looks like?

18:20:23 From Beth Cavanaugh, she/her, Hosford parent to Everyone:

Thank you @Claire, that's helpful

18:21:04 From Josh Cody (he/him, Parent@Creative Science) to Everyone:

One thing that burned the last phase was the unclear direction with regards to keeping cohorts together, capacity desires, and policies that may need changed. Do we have that guidance already in place for phase 2?

18:22:59 From Sheilagh Diez (she/her/ella) Atkinson DLI to Everyone:

Just to follow-up on Beth's question, will the SEGC be collaborating on developing potential scenarios or will SEGC only be evaluating staff created/recommended scenarios?

thank you for explaining, yes.

Targeted universalism means setting universal goals pursued by targeted processes to achieve those goals. Within a targeted universalism framework, universal goals are established for all groups concerned. The strategies developed to achieve those goals are targeted, based

upon how different groups are situated within structures, culture, and across geographies to obtain the universal goal. Targeted universalism is goal oriented, and the processes are directed in service of the explicit, universal goal.
