

PORTLAND PUBLIC SCHOOLS

Benson Polytechnic High School

Let your skills soar at Benson Tech. Benson Polytechnic High School is Portland's premier four-year Career-Technical Education (CTE) focus high school, founded in 1917. Benson Tech offers the academic rigor and the practical training that prepares students for college and the highly skilled, highly paid 21st-century workforce.

Qualified instructors combine professional technical knowledge with the academic foundation essential for mastery. Students start out exploring their CTE interests and by graduation will have the skills necessary to move directly into an industry specialty and/or have earned college credits for post-secondary education. Benson Tech also offers students a number of supports to assist them in achieving their personal and professional goals, including the AVID College and Career-Prep program and the Benson Tech Wellness Center.

The 9-acre campus is situated in Portland's inner east side commercial area. Full modernization of the campus is expected to begin in the summer of 2021 with completion expected in the fall 2024. The modernization project will completely reconfigure learning spaces while focusing on historic preservation. Learn more about Benson's design and planning at, www.pps.net/Page/1838.

College and Career Readiness

Benson's academies offer a rigorous course of study, skill building and internships or apprenticeships in three high-demand careers areas, each with a range of majors.

Our goals

The Benson staff believes that students should:

- Apply academic concepts to real-world situations.
- Integrate technical and academic content in their studies.
- Explore career and technical fields, then choose a major.
- Experience learning in the classroom and in the workplace.
- Graduate with advanced career and college skills.
- Serve as volunteers, using their career and technical skills

Our students

Benson students are:

- **Diverse** – Benson Tech is among the most diverse high schools in the Northwest, with equal numbers of white, Latino, African-American, and Asian American students. Benson fosters an environment of mutual respect and understanding that prepares students to excel in a global society. The annual Diversity Assembly and Talent Show is a showcase of student talent and a highlight of the school year.
- **Involved** – Benson Tech offers a wide variety of co-curricular activities including athletics: Cheerleading, Cross Country, Soccer, Dance Team, Volleyball, Basketball, Wrestling, Baseball, Softball, Tennis, Track and Field, and Golf. Leadership organizations: National Honor Society, Skills USA, and Health Occupations Students of America or HOSA. Student clubs: Robotics, Diversity, Key, Mecha, Black Student Union, competitive vocational clubs and more. The Homebuilding program, where students build a single-family home, is Benson's commitment to the community.
- **College-and career-focused** – Students can earn college credit in 34 Dual-credit classes through PCC and MHCC. More than two-thirds of Benson Tech students enter a two-year or four-year college or university immediately upon graduating. Another 15 percent attend career/technical trade schools, while some enter the work force or pursue other options.

“Benson has been another home for me where I can get support and guidance all around. These four years went by fast and I am glad I spent it here at Benson Tech.”

—Janai Pitmann,
Class of 2021

“Benson Tech has provided opportunities to expand my leadership skills beyond just leadership class. In addition to the unique and valuable CTE programs, these programs prepare you for the workforce and Benson does this the best.”

— Parker Myrus,
Class of 2023
