Program	2021 Enrollment	2025 Forecast	Building Capacity*	2021 Est Utilization	2025 Est Utilization	Special ED	Black & Indigenous	English Learners	All BIPOC	Low Income
Chinese DLI	72	148	890	8.1%	16.6%	8.3%	4.2%	47.2%	75.0%	19.0%

Total	529	560	890	59.4%	62.9%	15.9%	25.1%	32.7%	77.3%	45.1%

Current enrollment profile: Harrison Park is the last neighborhood K-8 program in SE, and the PPS Board has designated it to convert to a middle school. It has the highest rate of BIPOC students of all SE schools, including a growing Chinese DLI program that serves only neighborhood students. The Harrison Park campus has the highest capacity of all schools in the region, not including high schools, and operated as a middle school until 2008 when it consolidated with Clark Elementary School. Bridger grade 6-8 students are currently assigned to Harrison Park for middle school.

Recommendation highlights: Harrison Park K-5 students, including Chinese Immersion, move to Clark. Grade 6-8 students are joined at Harrison Park by students from Atkinson and Vestal neighborhoods and Chinese Immersion students from Woodstock. The Woodstock program currently feeds to Hosford MS. A portion of the Bridger neighborhood stays in Harrison Park, while the southernmost part goes to Kellogg and the northernmost part returns to Bridger as part of the new Bridger Creative Science School.

Estimated results of recommendation:
