

SE Enrollment and Program Balancing Phase 2 School-by-School Impact Analysis

Enrollment data and demographic data: PPS School Profiles, <https://www.pps.net/Page/942>, as reported by FLO Analytics

Creative Science K-8 School @Clark

MS: CSS • HS: Based on home address

2021 Enrollment	2025 Forecast	Building Capacity*	2021 Est Utilization	2025 Est Utilization	Special ED	Black & Indigenous	English Learners	All BIPOC	Low Income
419	452	495	84.6%	91.3%	21.5%	4.3%	3.6%	26.7%	14.4%

Current enrollment profile: A K-8 focus option program that enrolls all students through the annual lottery and hardship petition process. The school has been located at the Clark building since 2008 and attracts and retains fewer BIPOC, English Learner and low income students than surrounding schools.

Recommendation highlights: Program relocates to Bridger and becomes the instructional model for the combined Bridger and Creative Science student body.

Estimated results of recommendation:

See Bridger table

Fall 2023 Implementation Plans:

- Grades K-8 of the Creative Science School will move to Bridger and become the instructional model for the combined Bridger and CSS student body.
- The program will maintain a 2-section per grade level K-8 structure, with some grades having three sections of combined Bridger and CSS students.
 - New Bridger neighborhood students will be automatically enrolled in the Bridger Creative Science School, or can request transfer to a standard school.
 - Bridger neighborhood students already enrolled in other PPS schools have priority for available seats at CSS
 - Lottery transfers will be reduced to accommodate neighborhood students
 - Current CSS students can request transfer to their neighborhood school or another PPS school instead of moving to Bridger.
- Community building efforts will begin this spring and extend through next year to ensure successful staff, student and family transitions.
