2022-2023

Nuestra Misión: La familia de aprendizaje de Rigler asume la responsabilidad de involucrar a todos los estudiantes de nuestra escuela, en particular a nuestros estudiantes negros, nativos americanos y latinx, a través de una instrucción rigurosa que utiliza contenido de nivel de grado dentro de un entorno de aprendizaje saludable, positivo e inclusivo. Colaboramos y reflexionamos sobre los datos para abordar las necesidades de aprendizaje de los estudiantes, tanto con nuestro personal como con los miembros de la comunidad. Los estudiantes desarrollan altos niveles de competencia tanto en español como en inglés, como lo demuestran múltiples puntos de datos. Los estudiantes aprenden y practican los acuerdos de nuestra escuela. Reflejamos las culturas únicas de nuestros estudiantes, cultivando un sentido de pertenencia, en nuestro plan de estudios y prácticas.

Our Mission: The Rigler Learning Family takes responsibility to engage all students in our school, in particular our Black, Native American and Latinx students, through rigorous instruction using grade level content within a healthy, positive, and inclusive learning environment. We collaborate and reflect on data to address student learning needs, both with our staff and community members. Students develop high levels of proficiency in both Spanish and English as demonstrated by multiple points of data. Students learn and practice our school agreements. We reflect our students' unique cultures, fostering a sense of belonging, in our curriculum and practices.

Purpose: The climate plan guides school staff to collaboratively create a positive work environment and school culture, as well as cultivate a [sense of belonging](#) for all.

WHAT IS SCHOOL CLIMATE?

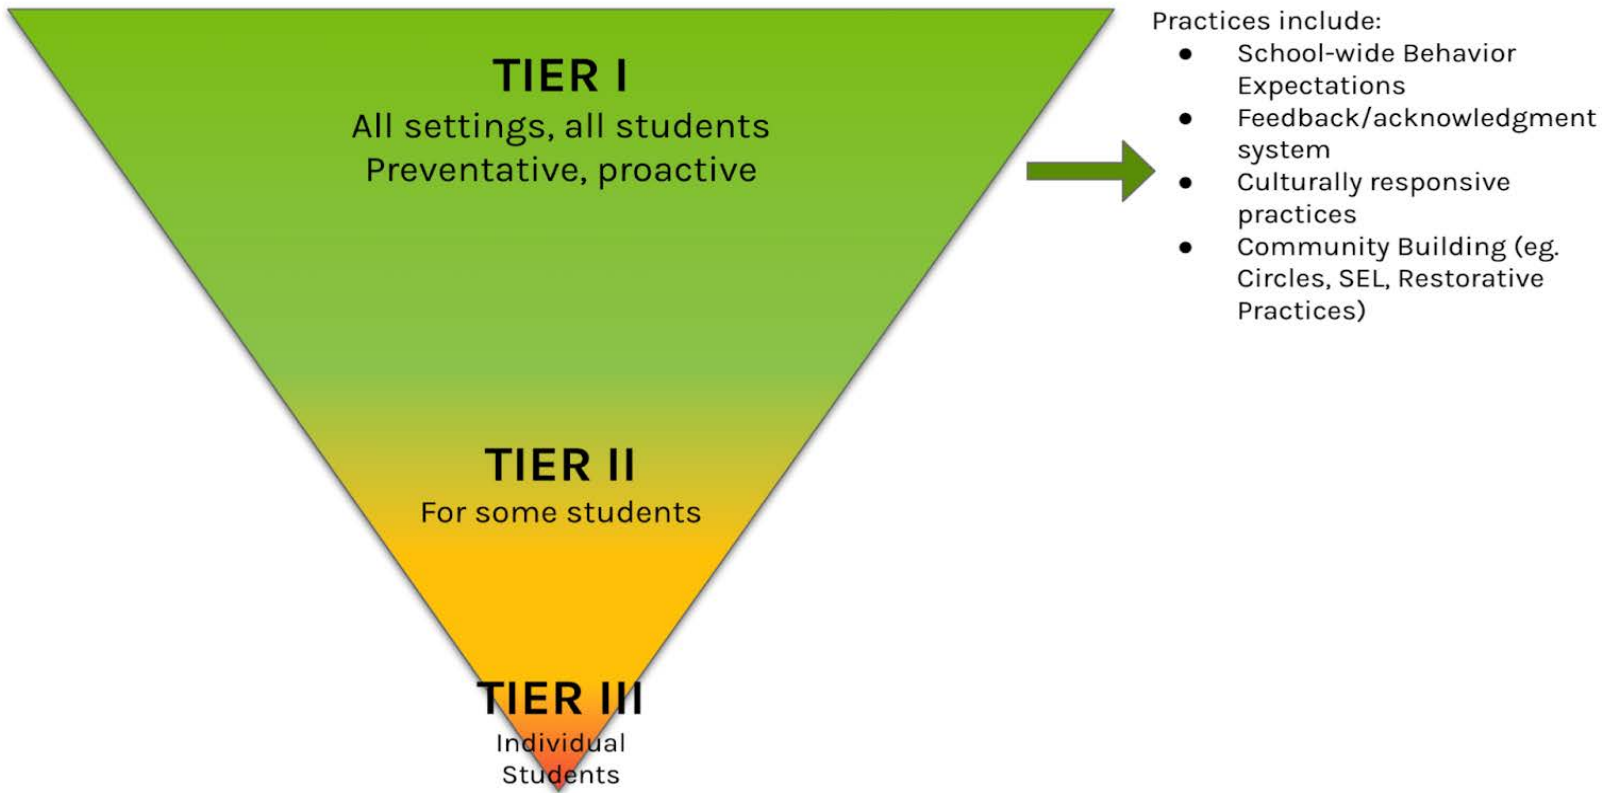

MULTI-TIERED SYSTEMS OF SUPPORT

School Climate is the most integral component of a Multi-Tiered System of Support (MTSS) framework. MTSS is focused on prevention and problem solving for all students using decision making based on data. MTSS uses evidence-based instruction, intervention and assessment practices to ensure that every student receives the appropriate level of support based on their level of need. Attention is focused on creating and sustaining Tier I support (universal), Tier II intervention (targeted group), and Tier III intervention (individual) systems to help eliminate barriers to learning and enable every student to successfully reach their full potential.

SCHOOL CLIMATE OVERVIEW

School Climate encompasses culturally relevant, restorative practices with a racial equity and social justice lens, as well as school wide social emotional learning opportunities for all students in their classrooms.

MTSS FOR STUDENT SUCCESS

CULTURALLY RESPONSIVE POSITIVE BEHAVIOR INTERVENTIONS & SUPPORTS (CR-PBIS)

Our definition of cultural responsiveness within SWPBIS includes the following core components:

1. Identity
2. Voice
3. Supportive Environment
4. Situational Appropriateness
5. Data for Equity

[CR-PBIS](#) (Culturally-Responsive Positive Behavioral Interventions & Supports) uses implementation science to help students to develop positive behaviors. At the most basic level, CR-PBIS can be described as a three-pronged approach:

1. Explicitly **teach** co-constructed expectations of the school and classroom community,
2. Actively **acknowledge** kids when they are following the expectations,
3. Instructionally **redirect** behavior using restorative practices.

Research shows that when school staff acknowledge positive behaviors at least three times more often than redirecting behavioral mistakes, positive behavior increases significantly.

The school climate team uses disaggregated data to make decisions and to develop the systems and practices of a school. The unique racial, cultural and linguistic makeup of the school is explicitly addressed at every decision point.

The school climate team brings together all stakeholders to:

- Develop and promote school values
- Develop common area expectations for all parts of the building
- Design lesson plans and schedules to teach common area expectations throughout the year.
- Create and maintain systems to acknowledge students who are following expectations. This may be acknowledgement tickets, assemblies, or awards for individuals, classes, grade levels, etc.
- Develop school wide policies that are proactive, preventative and restorative.
- Build corrective discipline systems (i.e. a flowchart) and calibrate clear definitions of student behaviors.

How do we make certain that PBIS is culturally responsive?

- We use the [Panorama Successful Schools](#) survey data to systematically assess and review student and family voices and adjust our practices to reflect the needs of our community.

RESTORATIVE PRACTICES

Restorative Justice is a philosophy grounded in the belief that positive, healthy relationships help us thrive. When we do things that impact others and create harm to those relationships, it is our individual and collective responsibility to make things right.

Restorative Practices are the skills and processes that help us build, maintain, and repair relationships to form healthy, supportive & inclusive communities. Restorative Practices are best utilized when intentional time is devoted to community building.

Community Building Circles that allow classroom communities to develop relationships by asking a series of low impact questions to get to know one another. Circles should be done as often as possible to insure relational trust is developed over time. At Rigler we prioritize starting each day with a Community Circle.

Restorative Inquiry is an essential restorative practice. A series of guiding questions are asked to understand all parties involved in a conflict, disagreement and/or any level of harm. The questions get to the root of a conflict and help solve the conflict by giving voice to the person who was harmed.

- What happened?
- Who was affected/impacted?
- What can be done to make things better?
- What will keep things better?
- How can others support you?

RACIAL EQUITY & SOCIAL JUSTICE (RESJ)

The Board of Education for Portland Public Schools is committed to the success of every student in each of our schools. The mission of Portland Public Schools is that by the end of elementary, middle, and high school, every student by name will meet or exceed academic standards and will be fully prepared to make productive life decisions. We believe that every student has the potential to achieve, and it is the responsibility of our school district to give each student the opportunity and support to meet his or her highest potential.

Rigler prioritizes racial equity work aligned to the vision set forth in the [PPS Graduate Portrait](#) that is committed to Culturally-Responsive Positive Behavioral Interventions & Supports, Multi-Tiered Systems of Support, Restorative Practices, Equity, and Social Emotional Learning.

We as a community must foster and promote a collective vision for public education so that every student -- regardless of race, gender, socioeconomic situation, special need or ability -- has access and opportunity to kindle his or her unique spark, and to build the knowledge and skills to achieve their goals.

We owe our students this.

-- Guadalupe Guerrero, Superintendent, Portland Public Schools

SOCIAL EMOTIONAL LEARNING

Social and Emotional Learning (SEL) is an integral part of education and human development. SEL is the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions, and achieve personal and collective goals,

feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions. ([CASEL](#))

In PPS, we embrace Transformative SEL—which is a form of SEL implementation that concentrates SEL practice on transforming inequitable settings and systems, and promoting justice-oriented civic engagement.

“Transformative SEL” is a process whereby young people and adults build strong, respectful, and lasting, relationships that facilitate co-learning to critically examine root causes of inequity, and to develop collaborative solutions that lead to personal, community, and societal well-being. This form of SEL is aimed at redistributing power to promote social justice through increased engagement in school and civic life. It emphasizes the development of identity, agency, belonging, curiosity, and collaborative problem solving within the CASEL framework. ([CASEL](#))

[CASEL's 3 Signature Practices](#) intentionally and explicitly help build a habit of practices through which students enhance their SEL skills: self-awareness, social awareness, self-management, relationship skills, and responsible decision-making. They provide a framework for supporting teachers in fostering a supportive environment and promoting SEL. The 3 Signature Practices can be put into practice without extensive professional learning. They can be incorporated into any K-12 [lesson](#), [community meeting](#), or [staff meeting](#) through carefully choosing, effectively facilitating and thoughtfully debriefing a: [Warm Welcome](#), [Engaging Activity](#) & [Optimistic Closure](#).

To support current and future social and emotional needs, trauma-informed science reminds us of the need to:

- Elevate student's **cultural assets, voice, and agency**
- **Strengthen relationships**, community, and sense of belonging
- **Affirm student identities** and lived experiences
- Incorporate social and emotional skill building into **academic learning**
- Establish consistent and **predictable routines**
- **Build trusting relationships** with students and families through clear and transparent communication

Programmatic Supports for all Students

SCHOOLWIDE VALUES AND COMMON AREA EXPECTATIONS (1.3)

Rigler School [Values](#) and Agreements are:

1. Be kind / Ser amable.
2. Be mindful/ Ser consciente.
3. Be engaged/ Ser participante.
4. Be safe/ Ser seguro.

Posters (with student, staff, family & community-produced agreements) have been made and distributed throughout the building in order to make them visible to students, staff and families. The intention is to send a consistent message about what our school community values and how it looks different in various common areas. This will help Rigler Elementary ensure that our school values are inclusive and affirming.

These school values are important for the Rigler school community, because these are the qualities that help students be successful in life. Our students need to understand and exercise the core values on a regular basis to master the skills to be successful and prepared to be college and career ready.

These values are woven into our regular teaching practices in every lesson and in every class period throughout the grade levels, naming them with consistency and strategically teaching and reviewing them throughout the school year.

Common Area : [Comprehensive Common Area Expectations](#)

Lesson Plans/policies and schedule or teaching common area expectations in [Appendix](#).

Yearly Schedule for Teaching Common Area Expectations

Teams have a process and procedures for staff to teach students the behaviors necessary to be successful in the school setting regardless of previous learning and without disrespecting families’ beliefs. When expectations differ between home or community and school, staff examine these differences critically, and if determined to be necessary, they explicitly teach the skills (including

providing a clear rationale for having a different expectation at school and opportunities for practice and feedback until students demonstrate the skill fluently). -PBIS CR Field Guide, p.16

Date
August 24- September 30, 2022: Teams ensure that school staff understand that all students need explicit teaching about co-constructed expected behavior at school.*
January 3-January 7, 2023: Teams ensure that school staff understand that all students need explicit teaching about co-constructed expected behavior at school.*
March 28-April 1, 2023: Teams ensure that school staff understand that all students need explicit teaching about co-constructed expected behavior at school.*
* Plus additional review as indicated by Rigler Elementary School discipline data 2022-2023

Active Supervision

Active supervision is the alert, proactive ability of the staff member to circulate within a group of students while interacting in a positive and constructive way. This includes acknowledging positive behaviors and actions, scanning for potential growth areas, modeling and supporting regulation strategies, and using restorative practices to reduce and repair harm.

What does ACTIVE SUPERVISION LOOK like?	What does ACTIVE SUPERVISION SOUND like?
<ul style="list-style-type: none"> • Circulating unpredictably • Visually scanning the area • Give PAWS • Redirecting consistently (every observed misbehavior receives a response & responses to similar misbehaviors are the same from student to student, day to day) • Smiling • Making eye contact with students • Responding non-emotionally to misbehavior • Using respectful body language/non-confrontational stance • Proximity: Gently moving toward the misbehavior in a relaxed way 	<ul style="list-style-type: none"> • Interacting positively with students • Giving 3 acknowledgements to 1 correction • Correcting calmly and respectfully • Aligning acknowledgements and corrections closely to the school values and expectations • Providing comments that acknowledge students' efforts to be successful • Giving accurate feedback that is specific and descriptive • Using a voice level 1 or 2 • Giving reasonably private corrections that address the problem Using respectful words & tone of voice • Speaking in clear & simple language, not framing the direction as a question

Active supervision is NOT:

- Chatting with other support staff.
- Playing games with students for extended time (this takes away from the ability to focus on student safety during recess).
- Engaging with a personal phone, with the exception of calling the main office in the event of an emergency

Active Supervision during Recess

- Staff supervising students during recess continuously walk around their supervisory area, help students solve conflict using restorative practices, encourage students to engage in different games and ensure all students are playing safely.
 - The recess cart will have a walkie talkie that duty staff may access to communicate with the building in case of emergency.
 - Teachers on recess duty hand out PAWs to students who are following our 4 school-wide agreements. A reasonable goal would be to hand out 10 PAWs at each recess.
 - Each teacher at recess will have a belt bag with resources and materials such as: FYI pads, PAWs, bandaids, extra hall passes, pen, etc.

Indoor Recess

Administrators will confer and determine if there is a need to alter our recess routine because of rain. This decision will be made based on conditions (heavy rain, ice, and/or temperatures below 40 degrees) prior to lunch service, at approximately 10:30 a.m.

Note: conditions can change during lunch/recess period and plans may change accordingly.

If there is to be an indoor recess:

- a VOIP announcement will be made in advance of recess informing the community that it is a rainy day recess.
- students will return to their classes for a recess period; duty staff will supervise recess within classrooms

Proactive and Inclusive Practices

Examples of ways we cultivate our learning community include:

- Standing at classroom doorways or designated areas, greeting students by their preferred names as they enter spaces, to promote a positive initial interaction
- Creating community agreements with input from students that are posted and referred to regularly
- Explicitly teaching and clarifying school/classroom/activity expected student behaviors
- Developing classroom routines and rituals and sticking with them consistently to provide an experience that is less random and more predictable
- Facilitating restorative/community building circles and activities each day so students feel connected to the learning environment and each other
- Providing opportunities for students to listen to each other
- Acknowledging and reinforcing on-task behaviors through positive interactions and Panther PAWs
- Avoiding power struggles (keep voice at neutral, restate expectations positively, maintain high expectations, provide choices instead of ultimatums when appropriate, redirect problematic behaviors privately, and provide students with the time and space to redirect themselves)
- Welcoming students back when they return from a needed break outside the classroom
- Connecting and checking in about students' lives outside of school
- Finding ways to make curriculum relevant to students' lives (through their culture, language, interests, etc.)
- Looking for opportunities where students can contribute and make choices in the curriculum
- Providing leadership opportunities for students

DEFINING STAGE 1 AND STAGE 2/3 BEHAVIORS (1.5)

Behavior level calibration will be conducted by building staff in order to properly reflect the evolving needs of our community and to accommodate the diverse racial, cultural, linguistic and developmental needs of our school.

Repeated Behaviors that happen approximately 3+ times may be considered "repeated," raising them to a higher level of referral over time. Some repeated behaviors, however, will always remain at the same level if they are neither harmful or unsafe.

Referrals as documentation: When a student demonstrates behavior that falls within Stage 1, 2 or 3 as outlined above, it is important to document the behavior in the form of a referral; this helps identify trends so that interventions can be appropriately responsive. A referral is not an intervention, nor is it a punishment; it is simply documentation. When writing a referral, teachers must inform parents so they are aware of the incident, and also aware of the documentation.

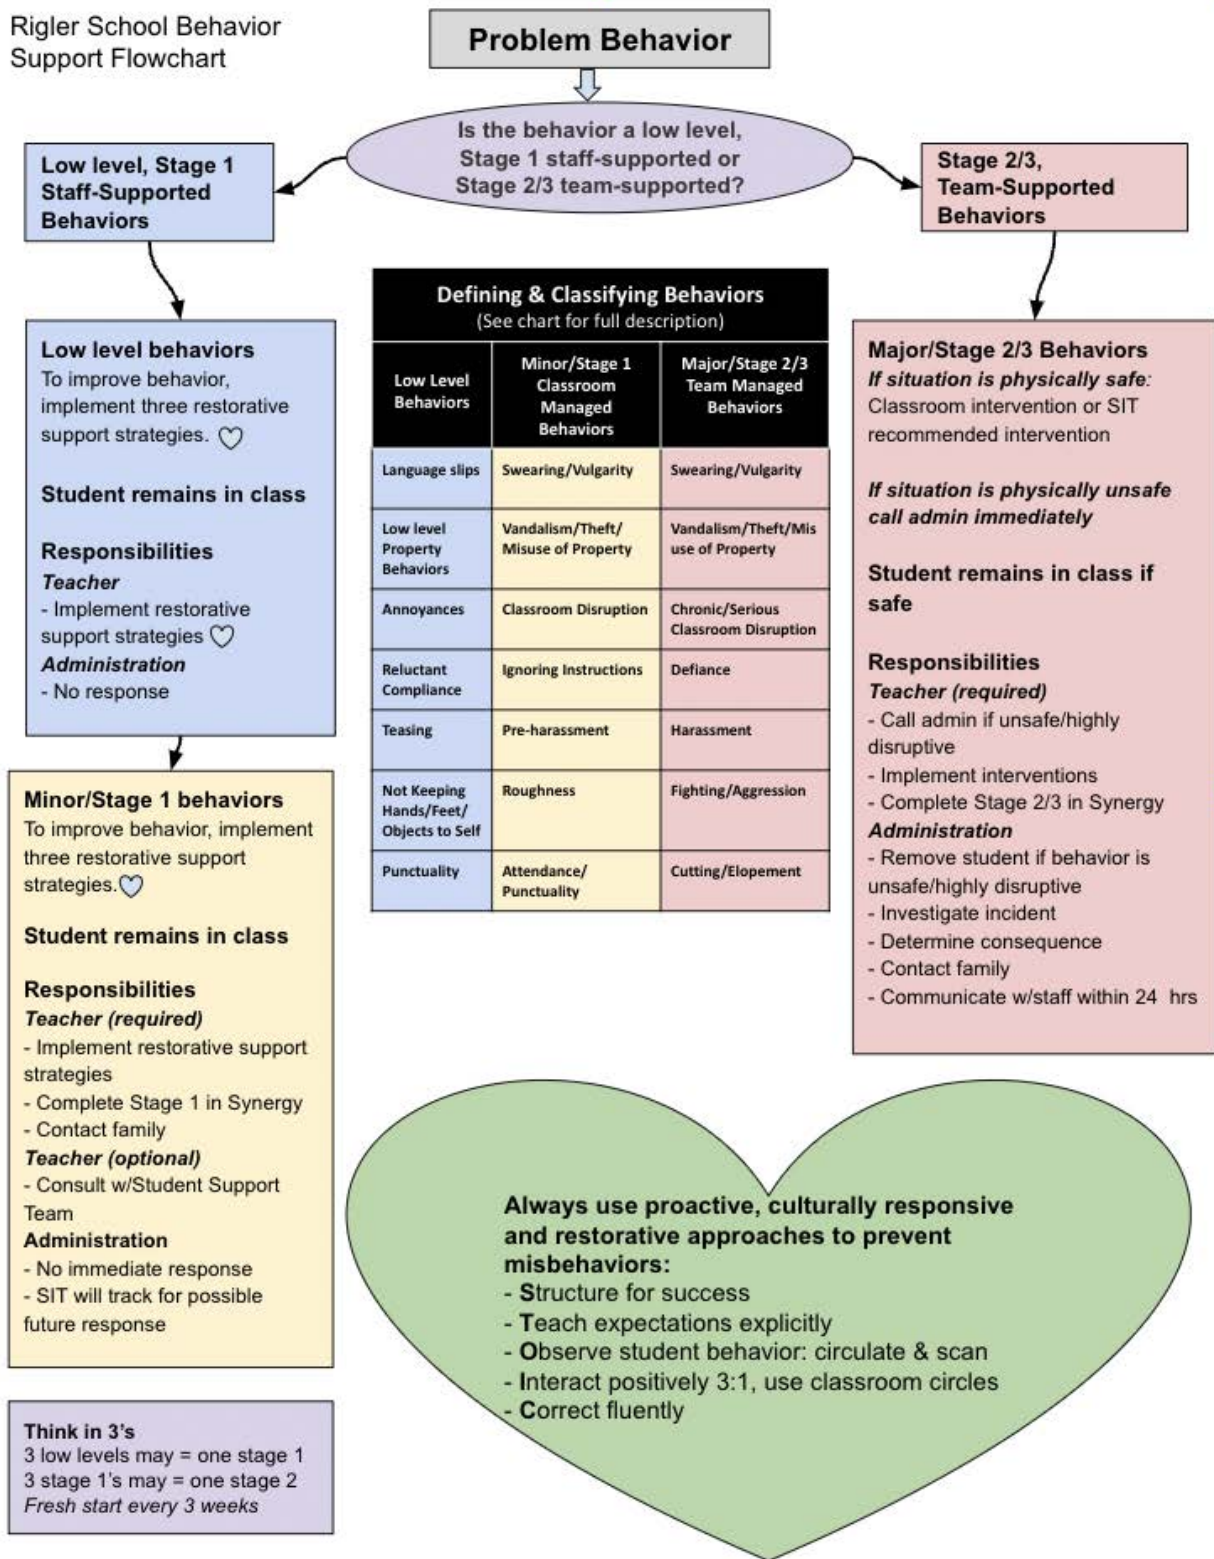

Typically, the person who knows the most about an incident is the person who phones home. For example, if a student was harmful in PE, necessitating a referral and informing parents, the PE teacher would typically be the person phoning home.

When a student engages in harmful behavior during specials or recess/lunch, it is very important that an FYI form be given to the teacher immediately upon the class teacher's return. This gives real-time information to the class teacher, and also lets him/her know that parents will be contacted. At that time, it may be decided that the class teacher will be the person to make the call. This is a decision that can be made collaboratively.

In the case where parents neither speak nor read English or Spanish, it is important the referral be translated and shared with the parents as soon as possible.

DISCIPLINE POLICIES (1.6) RESPONSES TO LEVELED BEHAVIORS

Rigler School Behavior Support Flowchart

RIGLER RESPONSES TO LEVELED BEHAVIORS: GUIDELINES

Low Level
Student remains in class.

RESPONSIBILITIES
Teacher

- On the spot response
- Repeated behaviors: check-in with parents
- Repeated behaviors: review cum file, previous referrals
- *Support Team*
- No Response

POSSIBLE INTERVENTIONS

- Recognizing students who are exhibiting positive behavior
- Review Expectation/Rule (using anchor chart) "In the hallways, we walk in a straight line..."
- Simple redirection
- Redirect with replacement behavior: "Right now, I need you to ___ because ___."
- Pre-correct/Pre-teach
- Change Seating
- Gentle Reprimand
- Identify/Practice Replacement Behavior
- Proximity
- I-Messages
- Provide Choices
- Community Building Circles
- RJ Healing Circle/Circle of Understanding
- Social Stories
- Lunch with Teacher
- Visual Schedules
- Planned Ignoring (for attention maintained behavior)
- Write Goals
- Mindful Break

POSSIBLE CONSEQUENCES

- Restitution
- Time out in Class
- Verbal Apology
- Apology Written
- Community Circle
- Restorative Circle
- Call Parent with Student (Privately)
- Invite Parent to Observe/Volunteer
- Lunch at a Separate Table
- Stop and Think Sheet
- Draw/Write About Incident with Alternate Ending
- Connect with In Building Mentor

Stage 1
Student remains in class.

RESPONSIBILITIES
Teacher

- Implement Interventions
- Input Stage 1 Report into Synergy
- Contact parents
- Optional: consult with PLC or SIT
- *Support Team*
- SIT will track for possible future response

POSSIBLE INTERVENTIONS

- Recognizing students' positive behavior
- Review Expectation/Rule (using anchor chart) "In the hallways, we walk in a straight line..."
- Redirect with replacement behavior: "Right now, I need you to ___ because ___."
- Pre-correct
- Change Seating
- Gentle Reprimand
- Modify/Differentiate Work
- Identify/Practice Replacement Behavior
- Proximity
- Provide Choices
- Community Building Circles
- RJ Healing Circle/Circle of Understanding
- Social Stories
- Visual Schedules
- Planned Ignoring (for attention maintained behavior)
- Co-develop Goals
- Mindful Break

POSSIBLE CONSEQUENCES

- Restitution
- Time out in Class
- Time out in a Partner Teacher's Class
- Loss of Privilege
- Parent Conference
- Verbal/Written Apology
- Research Project
- Community Circle
- Restorative Circle
- Loss of Art/Library (w/ Parent Permission)
- Call Parent with Student (Privately)
- Invite Parent to Observe/Volunteer
- Lunch at a Separate Table
- Detention (With Parent Permission)
- Stop and Think Sheet
- Draw/Write Incident with Alternate Ending
- Connect with In Building Mentor
- Structured Recess (must have movement involved: running laps, taking a walk, etc.)

Stage 2
Student remains in class.

RESPONSIBILITIES
Teacher

- Implement Interventions
- Input Stage 2/3 Referral into Synergy
- Contact parents
- Inform admin w/in 24 hours
- *Support Team*
- SIT will track for possible future response

POSSIBLE INTERVENTIONS

- Check In/Check Out
- Behavior Contract
- Structured Breaks
- Restorative Justice Agreement
- Teach Social Skills
- Teach Relaxation Techniques
- Counselor Referral
- Functional Behavior Assessment
- Safety Plan
- Lunch with Student/s
- Mindful Break

POSSIBLE CONSEQUENCES

- Restitution
- Restorative Circle
- Restorative Inquiry
- Loss of Privileges
- After/Before School Detention (Communicate with Parents Prior)
- In School Suspension

Stage 3
Student to be immediately removed from class.

RESPONSIBILITIES
Teacher

- Call for support
- *Support Team*
- Respond to call
- Investigate
- Determine consequence
- Contact parents
- Communicate w/ staff within 24 hours

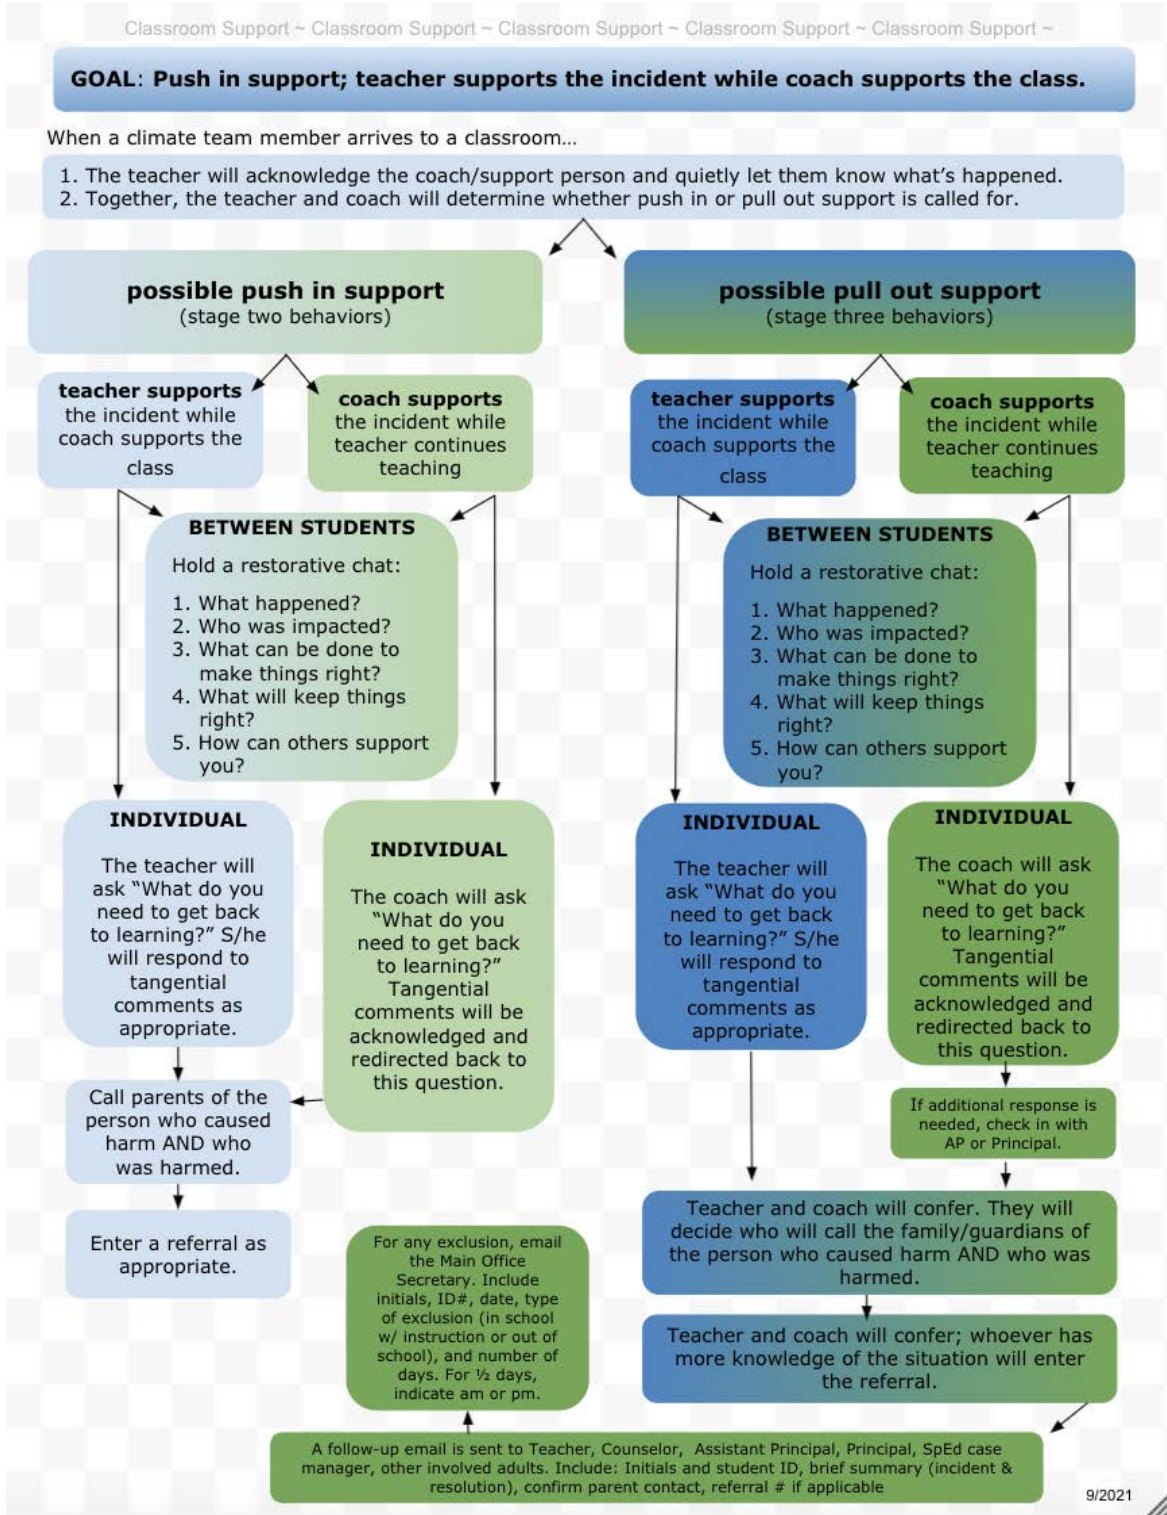

POSSIBLE CONSEQUENCES

- Restorative Justice
- Restitution
- Exclusion

Student-Facing Response to Leveled Behaviors Chart

Think Sheets may be used to support reflection on Stage 1 and Stage 2 behaviors.

Call for Support Flowchart

9/2021

The Support Team may respond to a call to take over a class (for 10-15 minutes) if a teacher needs to have a private restorative chat with a student or to talk with the student: SSI (Lilly), Counselor (Lizzie), AP(Cinnamon), Principal (Chris). Comprehensive School Psychologist (Gloria) & QMHP (Rachel H) are also available some days.

PROFESSIONAL DEVELOPMENT (1.7)

Over the course of the year, staff PD must explicitly address these five essential areas: teaching school wide expectations, acknowledging appropriate behaviors, correcting errors, requesting assistance (SIT Team), and understanding the influence of race, culture and language on student behavior.

CLASSROOM PROCEDURES (1.8)

Every teacher will have an Effective Classroom Practices Plan (ECP). ECPs will be shared with administration no later than the day before back to school night. Co-creating classroom practices reduces variability between classrooms and makes it more consistent for students. PD time will be provided in the first two weeks of school to complete these documents.

The Classroom Practices Plan template, covers the essential features of effective classroom practices: Structure, teaching expectations, acknowledging positive behaviors, and supporting regulation & restorative practices.

Effective Classroom Practices Plans

Our [Effective Classroom Practices Template](#) is linked here. Expectations for baseline elements/ sections have been highlighted. Plans will be shared with admin and filed in our collective [Effective Classroom Practices Plans folder](#).

Rigler’s Guest Teacher Support System

Teachers will be provided with [Guest Teacher Notebooks](#) that include relevant school-wide information for Guest Teachers. Teachers are expected to complete classroom-specific information in the notebook by September 15, 2022 or their first scheduled absence, whichever comes first. Resources and teachers' digital copies will be kept in our collective [Guest Teacher Notebook folder](#).

FEEDBACK AND ACKNOWLEDGEMENT SYSTEMS (1.9)

Research shows that when staff “catches” a student exhibiting appropriate behaviors, those behaviors will increase and misbehaviors will decrease. Specific praise is extremely important in increasing the recurrence of appropriate behaviors. All staff hand out PAWS, along with specific praise, to students as they witness appropriate behaviors in the common areas, in classrooms, on buses, etc.

Description of Rigler's school-wide acknowledgement system:

Rigler uses Panther Paws to recognize students for demonstrating our four agreements: *Be Mindful, Be Engaged, Be Kind, Be Safe*.

- In addition to schoolwide systems, grade level teams and individual teachers may determine additional classroom-based acknowledgement systems
- Feedback from students and families about current systems and planning for changes and improvements

TIER I EVALUATION

Evaluation of the Effects and Fidelity of the School Climate Practices

DISCIPLINE DATA (1.12)

Tiered Fidelity Inventory (CR-TFI) guides the action planning for the implementation of a positive school climate.

- Assessment component is completed three times a year in September, January and May
- A score of 80% or better indicates a well-implemented tier
- The TFI action plan is revisited on a monthly basis

Recent TFI scores
