Introductions

Yvonne reviews her recommendation to the Superintendent. Discussion recaps tours of Woodlawn, Boise-Elliott, Lane, Irvington and da Vinci.

Superintendent Guerrero thanks the ACCESS Advisory Group for their commitment, patience and work regarding the relocation process. Decision must be driven by what's best for students: programmatically, socially and emotionally. Must keep students at the forefront. No final decision yet.

Supt. Guerrero has read emails from the Advisory group. Valid points have been raised. What's long term vision for Tag and how to identify and serve students in any school?

Review PPS criteria for relocation. Posted on ACCESS website, May 4th Decision Process.

Discussion of the schools Superintendent Guerrero visited. ACCESS Advisory group: equity and close proximity of the two campuses is important. ACCESS teachers: their program is driven by the schedule for advanced math; grades 6-8 could be in K-8.

Housekeeping- send an update email to all of the school communities involved in the relocation process. Skip next week's meeting, May 16. Meet in two weeks, May 23. Replace two ACCESS members who resigned. Move forward on community engagement after a decision is announced.
