Unit 1. Addition, Subtraction & Place Value

What is the purpose of the unit? What do we want students to know?

Essential Questions ⓘ

3.NBT.A.2

How can different strategies help us to add and subtract?

3.OA.D.8

How can the reasonableness of my answers be assessed when solving a two-step word problem?

Big Ideas ⓘ

3.NBT.A.2

There are multiple ways to add and subtract within 1000.

3.OA.D.8

It is important to be able to assess the reasonableness of an answer when solving problems.

Priority & Supporting Standards ⓘ

Priority

CCSS: Mathematics

CCSS: Grade 3

Operations & Algebraic Thinking

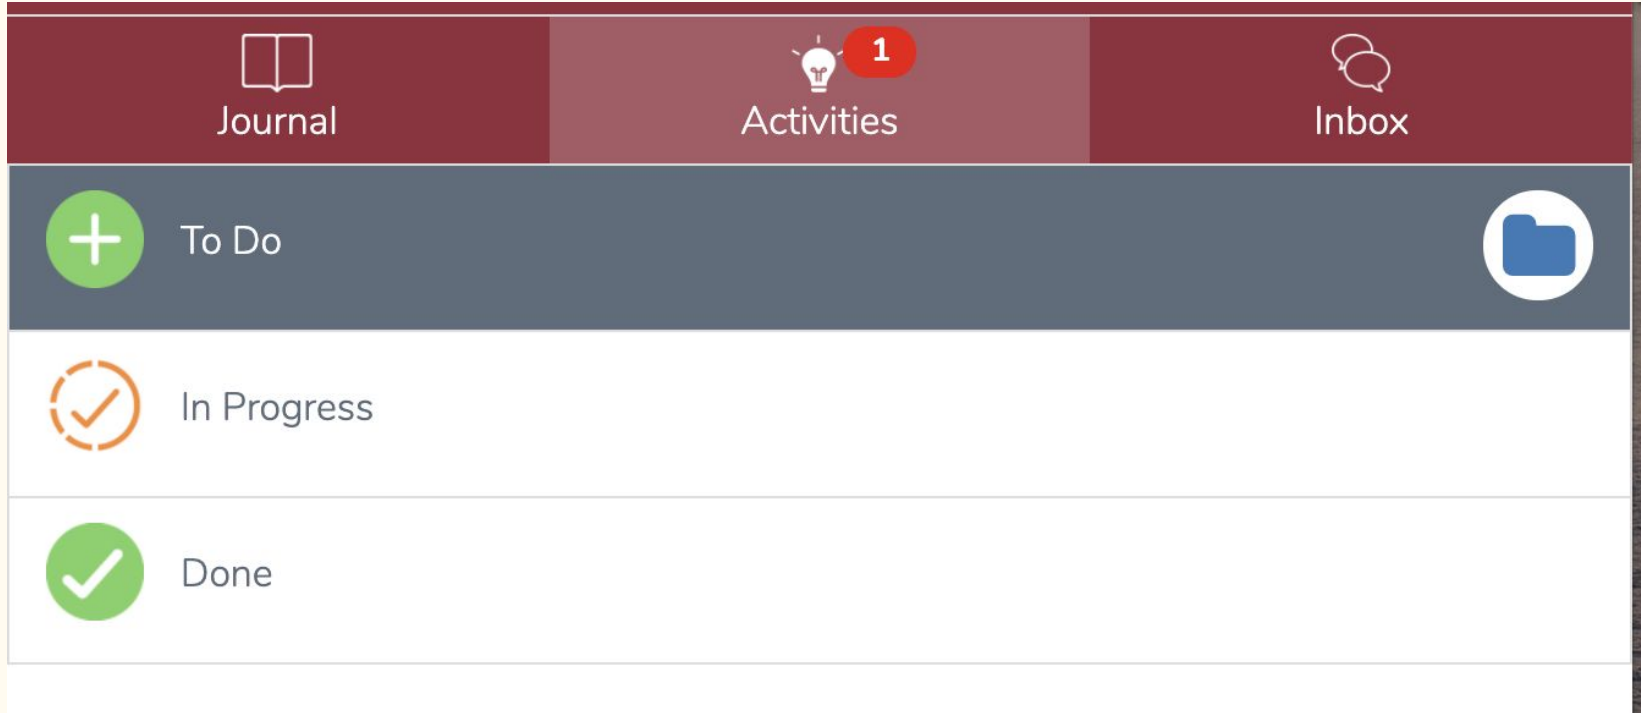

3.OA.D. Solve problems involving the four operations, and identify and explain patterns in arithmetic. [▼ Show details](#)

3.OA.D.8. Solve two-step word problems using the four operations. Represent these problems using equations with a letter standing for the unknown quantity. Assess the reasonableness of answers using mental computation and estimation strategies including rounding. [▼ Show details](#)

Number & Operations in Base Ten

3.NBT.A. Use place value understanding and properties of operations to perform multi-digit arithmetic.

Attendance

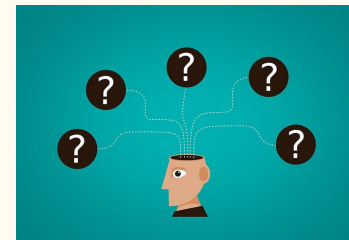

Evidence of attendance will be measured in at least one of the following ways within a 24 hour period:

- A. Participating in a video class
- B. Communication from the student to the teacher via chat, text message, communication app, or email
- C. A phone call between the teacher or EA/Paraprofessional with the student, or, for younger students, with the parent
- D. Posting completed coursework to a learning management system or web-based platform or via email
- E. Turning in complete coursework on a given day.

Finding Balance

Who do I call with questions?

Classroom Teachers: Your student's teacher is your "go to" person. If they don't have the answer, they will connect you with the person who does.

Support Staff: Connect to social services, social emotional supports, and help with problems outside of the classroom.

- Lynn Spiers, Jennifer Whitaker, Jane Gugatsky

Special Education: Provide specifically designed instruction for identified students.

- Jen Lopez, Shannon LeMeune, Jesse Erwin

Enrollment & Attendance: Janna Holm

A photograph of a road at sunset or sunrise, with trees in the background and a quote overlaid. The road is dark and leads towards a bright horizon. The trees are silhouetted against the warm light of the sky. The quote is written in white text over the road.

"Difficult roads
often lead to
beautiful
destinations."
