Strategies and Partnerships

Strategy: Culturally Specific Family Engagement

Family engagement is a high leverage strategy that supports student learning and is designed to reduce or eliminate institutional barriers for families of color to advocate for the needs of their students. There is significant research that supports the importance of family support, advocacy and encouragement with positive student achievement and outcomes.

Strategy: Enrichment, Extended Day

Programming provides safe, structured and engaging activities to enhance and expand the learning of students outside of school hours. This includes after school programming and enrichment activities. Enrichment activities provide opportunities for students to pursue learning in their own areas of interest and strengths. Research has shown that students engaged in these activities can lead to increased academic performance and attendance.
