#### **MAP** - grades 3-8. Window extended

- MS - Ms Hultgren shared testing went on for two periods and went smoothly.

- Four students who declared non binary, their results were not included in the classroom reports.
- Student reports will come directly to the families.
- Ms. Awabdy is curious about the time management of testing. We allow every student to take their time and acknowledge that 1 hour per subject but also encourage them to finish within the allotted time.
- Is it possible for parents to get results earlier than March? Yes for specific needs, like to apply for highschools or advanced programs.

#### **Successful Schools Survey** - waiting to complete MAP before having students take.

- Should have received an email from Panorama Education Team.

  - Beginning efforts with staff work together on providing math standards and more importantly defining the Learner Profile and the subjective measures by which students can recognize what the expectations are and can work to achieve them.
- **2021-22 staffing**
  - Based on the State budget process.
  - Staffing formulas are staying level, by using PSU projections of enrollment.
  - Continue with added counselor FTE 0.5 from the
  - Increase 0.2 elementary PE
  - Level for remaining positions
  - Even though the district held steady, our staffing was reduced due to less foundation money and loss of Mandarin position.
    - Loss of Mandarin CI teacher - WL gap, the partnership between PSU and the Confucius Institute has dissolved. This has impacted our world language offering.
    - Sad to lose that connection and offering of HS credit and experience for 6 years at ACCESS.
  - Could someone learn from an online program during elective time, another language? If payment comes from parents if we stay with an elective option.
  - What about art, choir, band, technology oriented (coding), STEAM?
  - We need to find extra 0.5 FTE if we are to offer Spanish to all middle school students

do the students select their gender before they take the test?

Kinnari Shah 3:53 PM

Is it possible for parents to get the results sooner than March end? (We need it for an application that's due earlier.)

Abigail Webb 3:57 PM

I got my teacher survey but not my parent survey yet.

Tanya Awabdy 3:58 PM

Haven't received parent survey yet

Tanya Awabdy 4:07 PM

Are all the adults involved in LIPI vaccinated? If I can ask...

JaneAnne Peterson4:16 PM

There will have to be a longer gap between in-person and virtual for ACCESS because of longer transpo times.

Kinnari Shah4:16 PM

And we would need to factor in enough time for the kids with loooooong commutes to get back home before any afternoon instruction

JaneAnne Peterson4:16 PM

Jinx

Kinnari Shah4:16 PM

JA, you and I keep doing this!

Abigail Webb4:17 PM

you both owe ME a coke!

Kimberly Hultgren4:17 PM

It seems like for ACCESS kids with the transportation piece, we should do two full day options instead of four half day options?

Jenny Staab4:17 PM

yes!!

Kinnari Shah4:17 PM

I think that is a GREAT idea.

JaneAnne Peterson4:17 PM

AMEN.

Grazia Cunningham4:18 PM

PPS needs outdoor classrooms

Abigail Webb4:19 PM

We need a covered space at Terwilliger!

JaneAnne Peterson4:19 PM

I think they also are trying to avoid kids eating at schools, since that's a time of increased transmission.

Kimberly Hultgren4:19 PM

Right- the eating thing

Jenny Staab4:19 PM

but they're planning on full days for MS

Kinnari Shah4:20 PM

Some parents are talking (on FB) about wanting to be in the hybrid group with neighbors, for the purposes of carpooling

You 4:20 PM

Not full day

Abigail Webb 4:20 PM

KS - YES!

JaneAnne Peterson 4:21 PM

Yeah, where is the discussion of testing?! I would like to see pooled testing of all students weekly.

There is supposed to be funding in the stimulus for this.

You mean my ranting? ;)

Abigail Webb 4:21 PM

transparency

Abigail Webb 4:31 PM

show your work

agreed

Marian Berger 4:31 PM

Agreed. Also our experience with a bored kid in math who didn't want to show work.

Abigail Webb 4:31 PM

MB yes this

Kinnari Shah 4:33 PM

That's like our kids! Don't need us until we don't need them.

JaneAnne Peterson 4:34 PM

There has been a lot of sawing here today--all I can smell is sawdust.

Heather Emert 4:43 PM

Thanks very much for looking at transparency in math placement. I've often heard the learner profile mentioned, but in vague, non-actionable terms. It's important to know what particular school skills (or whatever) your child needs to develop in order to be placed at a more mathematically-appropriate level. - Fillard (Whoops, while I was writing this I didn't fully hear JaneAnne's comment, so my apologies if I'm effectively just reiterating what she said.)

Amy McBride 4:46 PM

I think the Mandarin program was for 6 years

Amy McBride 4:47 PM

Bring back bike science with Mr. Lanners

Abigail Webb 4:48 PM

amy yes

Amy McBride 4:48 PM

So sad- such a great program

Kimberly Hultgren4:50 PM

Abigail Webb5:02 PM

Amy McBride5:03 PM  
Good to see everyone! Thanks!

JaneAnne Peterson5:03 PM  
Marian mute!

Kinnari Shah5:07 PM  
Don't forget that we still technically own the lockers at Rose City Park, they have just been  
"holding" them for us.

JaneAnne Peterson5:07 PM  
As long as they didn't remove them when they were remodeling!

Grazia Cunningham5:08 PM  
I have to leave. Nice to see everyone!

JaneAnne Peterson5:08 PM  
A bunch were at the base of the stairwell on the N side, and that's where they built a the  
elevator.

Kinnari Shah5:08 PM  
No, shouldn't have. ACCESS PTA worked with them that year; they could have the the use  
of them, but had to understand that they were still ours.  
Though they're too small anyway; don't even fit a full backpack.

Marian Berger5:11 PM  
Gotta run. Thanks, everyone!

Timothy Christy5:13 PM  
I need to go. Thanks everyone!

Jenny Staab5:14 PM  
have to leave. thanks!
