**Late Arrival / Early Release Contract**

I am requesting to have an unstructured period in my schedule. I am aware that the expectation is that I will vacate the building when not in class. I understand that it is not acceptable to roam the halls or hang out by my locker.

I understand that if I have late arrival I will arrive approximately ten minutes before my first scheduled class. I understand that if I have early release I need to exit the building immediately following my last class of the day.

I understand the expectation is that I may use the library, if open and space available, to study, not just sit and talk. I can also choose to go to study hall and sit quietly and study, with campus monitor approval. I understand that if I am not following expectations my schedule may be changed I will be assigned to study hall, instead of my choice schedule.

**I am aware of the opportunity to take up to eight classes and that I am fully on track for graduation. I am also aware that, although I may be requesting a certain time period off, it may not be possible to accommodate the specific request because of limited class choice and offerings.**

**Parent Signature and Phone Contact Required**

By signing below I give my permission for my student to have an unstructured period in the school day. I am aware of the opportunity to take eight classes and my student is fully on track for graduation. It is my understanding that there may be study opportunities on a limited basis as described above. I understand the expectation is that my student is to leave the building to complete work, business, or run errands, has family obligations, lunch, or come home in the middle of the day. I am aware that my student is not in the immediate control of the school or district and will not hold the school or district responsible or liable for situations or incidents that may arise because of choices made by my student when not under direct supervision.

I am aware that limited class offering may impact the time requested. When on release my student will: \_\_\_\_\_
