- (1) The district recognizes that administering of medication to students and self-medication may be necessary when the failure to take such medication would jeopardize the health of the student or the student would not be able to attend school if medication were not made available during school hours. Consequently, students may be permitted to take non-injectable prescription or nonprescription medication at school on a temporary or regular basis.

A prescription label will be deemed sufficient to meet the requirements for written physician instructions.
- (3) The district shall designate school staff authorized to administer medication to students. Training shall be provided as required by law.
- (4) The district reserves the right to reject a request to administer prescription or nonprescription medication when such medication is not necessary for the student to remain in school.
- (5) This policy shall not prohibit, in any way, the administration of recognized first aid to students by district employees in accordance with established state law, Board policy and regulations.
- (6) The superintendent shall develop Administrative Regulations as needed to meet the requirements of law, Oregon Administrative Rules and for the implementation of this policy. Regulations will include provisions for student self-medication.
