

5.50.050-AD Affirmative Action – Sex Discrimination

The district shall develop in-service programs, which provide for the following:

- (1) For teachers and counselors to develop greater sensitivity in and skills needed to comply with the spirit and letter of Title IX;
- (2) For principals and physical education staffs to clarify conditions under which segregated physical education classes can and cannot be maintained and to increase understanding of the requirement to provide comparable activities for girls during periods when boys are engaged in contact sports;
- (3) For coaching staffs to alleviate deficiencies in the skills and number of persons qualified for coaching of girls athletics;
- (4) For the development of leadership skills of women in preparing more candidates for administrative positions;
- (5) For all staff to increase general understanding of the spirit and letter of Title IX and district policies in connection with sex discrimination.
