

2nd Grade Supplies

Supply List 2021/22

We very much appreciate your support with these classroom supplies, but we also understand that not all families have the means to purchase such expensive items. Please do not feel in any way obliged to purchase supplies if it is a hardship for your family. Let your teacher or Ms. Pesha know and we will happily get these supplies for your second grader. Target is a great place to go for cheap supplies in the summer!

- | | |
