Safe Return to In-Person Instruction and Continuity of Services Plan

In order to best support students and families with the safest possible return to school for the 2021 school year, the Oregon Department of Education (ODE) has created an operational plan template to align guidance from the federal and state level in support of local decision-making and transparency of health and safety measures in the communities that school districts serve. The Safe Return to In-Person Instruction and Continuity of Services Plan serves the following purposes:

1) Replaces the Ready Schools, Safe Learners Operational Blueprint required under [Executive Order 21-06](#); and 2)

Meets the requirements for:

- a. An operational plan required under [OAR 581-022-0106\(4\)](#), while aligning the [CDC Guidance](#) on School Reopening with the [Ready Schools, Safe Learners Resiliency Framework for the 2021-22 School Year](#) (RSSL Resiliency Framework);
- b. [Section 2001\(i\)\(1\)](#) of the ARP ESSER and the US Department of Education's [Interim Final Requirements](#) for Safe Return/Continuity of Services Plan; and
- c. Communicable Disease Plan and Isolation Plan under [OAR 581-022-2220](#) (Division 22 requirements).

As districts plan and implement the recommendations in ODE's RSSL Resiliency Framework, they will need to consider a continuum of risk levels when all recommendations cannot be fully implemented. For example, universal correct wearing of face coverings between people is one of the most effective preventive measures. However, there will be times when this is not possible based on a specific interaction or a physical space limitation, such as during meal times. It will be necessary to consider and balance the mitigation strategies described to best protect health and safety while ensuring full time in person learning.

ODE remains committed to the guiding principles introduced in spring of 2020 to generate collective action and leadership for efforts to respond to COVID-19 across Oregon. These principles are updated to reflect the current context:

- **Ensure safety and wellness.** Prioritizing basic needs such as food, shelter, wellness, supportive relationships and support for mental, social, and emotional health of students and staff.
- **Center health and well-being.** Acknowledging the health and mental health impacts of this past year, commit to creating learning opportunities that foster creative expression, make space for reflection and connection, and center on the needs of the whole child rather than solely emphasizing academic achievement.
- **Cultivate connection and relationship.** Reconnecting with one another after a year of separation can occur through quality learning experiences and deep interpersonal relationships among families, students and staff.
- **Prioritize equity.** Recognize the disproportionate impact of COVID-19 on Black, American Indian/Alaska Native, and Latino/a/x, Pacific Islander communities; students experiencing disabilities; students living in rural areas; and students and families navigating poverty and homelessness. Apply an equity-informed, anti-racist, and anti-oppressive lens to promote culturally sustaining and revitalizing educational systems that support every child.
- **Innovate.** Returning to school is an opportunity to improve teaching and learning by iterating on new instructional strategies, rethinking learning environments, and investing in creative approaches to address unfinished learning.

<p>Link staff, students and families with culturally relevant health and mental health services and supports</p>	<p>The department of Student Success & Health will continue to invest in school-based Mental Health partnerships. We partner with:</p> <ul style="list-style-type: none"> ● Morrison ● Trillium ● Cascadia ● Multnomah County Mental Health ● Life Stance ● Horizon (culturally & linguistically responsive Mental Health Therapy) ● NARA (Native American Rehabilitation Association) <p>Our Title IX department also supports students in the LGBTQIA community, students suffering from bullying, sexual incidents and threats.</p> <p>Additionally, we have continued to implement our Recovery, Education and Action for Healthy Living (REAHL) continuum of care for students struggling with substance use and mental health challenges. We have recently hired (3) CADC specialists who work with all students who need support, resources, transition support to/from treatment facilities, etc.. Our staff are racially and ethnically diverse and are also bilingual.</p> <p>PPS will continue to invest in RESJ Partnerships with culturally specific and multiracial organizations to implement five services and support strategies proven to be effective to support students of color. These include:</p>	<p>Portland Public Schools has made every effort to center equity in our work throughout this pandemic. Service partnerships and services are targeted to students and families of color. The strategies implemented are research driven and proven effective in closing opportunity gaps in education for students of color. These partnerships align with the district's vision, strategic plan and Theory of Action. In selecting schools for service partnerships, the district's RESJ Lens was utilized.</p>

	<ol style="list-style-type: none"> 1. Culturally Specific Family Engagement 2. Wrap Around Services 3. Mentoring/Leadership Development 4. Enrichment and Extended Learning 5. Positive Cultural Identity Development and Advocacy. <p>Through service contracts with 20 organizations implementing these strategies at over 50 schools in PPS, it is projected that over 6,000 students will be served receiving over 125,000 service hours.</p> <p>PPS will also continue to support our partnership with Multnomah County and the City of Portland to implement the SUN Service system. Through five partner agencies connected to 46 schools, students and families receive a range of supports including: enrichment and extended learning, Early Kindergarten Transition, Food Pantries, service coordination and referral, student advocacy and case management, access to antipoverty supports (rent assistance, utility assistance, benefits eligibility and case management)</p>	
<p>Foster peer/student lead initiatives on wellbeing and mental health</p>	<p>PPS has focused on providing Social Emotional Learning and supports for students, staff and families throughout this pandemic. We have provided resiliency lessons for all staff, provide warm and welcoming spaces and continue to support a sense of belonging for all of our students, regardless of if they are in person or virtual.</p> <p>We have included student voice through our successful school surveys, listening sessions and group meetings. Health and Safety Strategies -

School administrators are required to **exclude staff or students from school** whom they have reason to suspect have been exposed to COVID-19. (OAR 333-019-0010)

Please complete the table below to include the extent to which the district has adopted policies and the description of each policy for each health and safety strategy. In developing the response, please review and consider the CDC guidance and the RSSL Resiliency Framework for each health and safety strategy. Additional documents to support district and school planning are available on the ODE Ready Schools, Safe Learners website.

Accommodations for Children with Disabilities

Please describe the extent to which the district has adopted policies related to appropriate accommodation for children with disabilities with respect to health and safety protocols. Please describe any such policies.

Adaptation, accommodation, and/or modification of requirements will be considered by IEP and 504 plan teams based on an individual's unique needs and circumstances through existing [district processes](#) for team meetings. The teams will make reasonable accommodations and modifications to health and safety protocol requirements for students experiencing disabilities, which cannot be mitigated by other means.

Updates to this Plan

To remain in compliance with ARP ESSER requirements, school districts must regularly, but no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools), review, and as appropriate, revise its Safe Return to In Person Instruction and Continuity of Services Plan.
