- ❖ Oregon Administrative Rule 581-022-1620 requires students to take a full course load. Students in 9<sup>th</sup> through 11<sup>th</sup> grade will be enrolled in a full schedule. Students in Grade 12 must have 6 classes.

Forecasting provides you with the opportunity to identify the core courses required for you to graduate as well as *elective* courses available to you that can both enhance and support your school experience. PPS requires 24 credits to graduate. A full schedule of eight classes provides you with the opportunity to take maximum advantage of the educational opportunities. You should carefully review the list of courses available, consult with your parents and counselor as needed, and select 8 courses along with alternate course choices that meet your educational goals.

**Directions:**

1. Read through the course guide.
2. Select appropriate Math, World Language, and Electives
3. **Circle or highlight at least 6 courses or 12 semesters on this sheet. Identify 2 alternates. Use planner on back.**
4. Discuss choices with parent/guardian/caregiver. Both student and parent/guardian need to sign form.
5. Return this completed sheet to your Chemistry teacher.

**Students without forecasting sheets will have schedules created for them. Jefferson uses forecasts to determine program and course offerings for the upcoming year and limits schedule change requests once forecasting is complete.**

**Students requesting non-graded courses like College Campus Course (a place holder for PCC registration) need to complete this section for a reduced course load.**

I am requesting to have an unstructured period in my schedule. I am aware that the expectation is that I will vacate the building when not in class. I understand that it is not acceptable to roam the halls or hang out by my locker.

I understand that if I have forecasted for a PCC Block that I am expected to use the time at PCC or studying for a PCC course. I understand that Study Hall is a non-graded course by attendance is taken daily. If I have a reduced course load, for whatever reason, I will arrive 10 minutes before my first class begins and exit the building immediately following my last class of the day.

I understand the expectation is that I may use the library, if open and space available, to study, not just sit and talk. I can also choose to go to study hall and sit quietly and study, with campus monitor approval. I understand that if I am not following expectations my schedule may be changed and I will be assigned study hall, instead of my choice schedule.

***I am aware of the opportunity to take up to eight classes and that I am fully on track for graduation. I am also aware that, although I may be requesting a certain time period off, it may not be possible to accommodate the specific request because of limited class choice and offerings.***

**Student Signature** \_\_\_\_\_ **Date** \_\_\_\_\_

I have reviewed the Course Guide and discussed my course selections with my parent or guardian. I understand my second semester grades could impact my final schedule. **I have made my choices thoughtfully and I understand that I will not be allowed to make changes (other than level changes) in the Fall.** Course offerings and staffing decisions are based upon student forecasting.
