

Portland Public Schools Healthy and Safe Schools Plan

Equity and Excellence

Every Student, Every Teacher, Every School Succeeding

The Portland Public Schools Healthy and Safe Schools plan was approved by the Board of Directors on June 25, 2019. An annual statement will be updated and distributed by June 1st of each year, beginning in June of 2020.

Responsible Persons

The Healthy and Safe Schools Plan Administrator is:

Name: Joe Crelier, ARM

Position Title: Director of Risk Management

Phone Number: (503) 916-3204

Email: jcrelier@pps.net

The designated AHERA Coordinator is:

Name: Brett Borgeson

Position Title: Senior Manager of Environmental Health and Safety

Phone Number: (503) 916-3502

Email: bborgeson@pps.net

The designated Integrated Pest Management (IPM) Coordinator is:

Name: Peche Barteaux

Position Title: Environmental Health and Safety Associate II

Phone Number: (503) 916-3505

Email Address: pbarteaux@pps.net

Mailing Address: 501 N Dixon st. Portland, OR 97227

Communications

The District will make all final test results and detailed information explaining the test results, available to the public within 10 business days of receiving the results by posting on the District's Healthy and Safe Schools webpage. www.pps.net/healthyschools

Notice of the significant results will be sent over the email system to the affected individual school communities. Hardcopy results are maintained at the District's central office in the Risk Management Department.

Radon

In accordance with Oregon Revised Statute 332.345, Portland Public Schools has developed the following radon testing plan:

Schedule of radon testing

- Radon testing began during the 2015/2016 school year.
- Testing will continue annually to meet the five or 10-year re-testing requirements.
- Testing will occur in the recommended testing period described as “winter heating months,” typically October through March.

Results

Radon testing results will be available on the District’s web site and provided to the School Board and the Oregon Health Authority. Results will include measurements and reference the level of radon at which the United States Environmental Protection Agency recommends schools take action to reduce indoor radon.

Methodology

Portland Public Schools has contracted with PBS Engineering and Environmental Inc. of Portland, OR for radon level testing, contract number RS- 62476. Additional radon testing resources will be utilized as needed. Portland Public Schools and its contractors will follow the scope and intent of Oregon Health Authority’s Testing for Elevated Radon in Oregon Schools version 1.0– 2016 and EPA guidelines. Construction of mitigation projects are published for competitive bidding.

Plan submission

The District’s radon plan was submitted to the Oregon Health Authority on August 30, 2016, via e-mail to radon.program@state.or.us. Updates and revisions have been submitted to OHA at the beginning of each school year.

Elevated Levels of Lead in Water Used for Drinking or Food Preparation

In accordance with OAR 333-061-0400 (Reducing Lead in School Drinking Water) and OAR 581-022-2223 (Healthy and Safe School Plans), all Oregon school districts, education service districts, and public charter schools are required to test for, and mitigate exposure to, elevated levels of lead in water used for drinking and food preparation.

Initial testing

Initial testing is required between January 1, 2016 and June 30, 2020. Portland Public Schools has completed initial testing and continues to replace and return fixtures to service.

Ongoing testing

Ongoing testing is required every six years beginning July 1, 2020. During every school year, Portland Public Schools will conduct water testing on a portion, approximately 1/6, of the applicable district-wide fixture inventory.

Sampling methodology

Collection of water samples is done in accordance with OHA rules and EPA guidance in the 3Ts for Reducing Lead in Drinking Water in Schools and Childcare Facilities, October 2018.

Test labs

Test labs utilized will be accredited by Oregon Health Authority.

Lead Paint

In order to comply with the United States Environmental Protection Agency's Renovations, Repair and Painting Program Rule, and OAR 581-022-2223(5)(e), Portland Public Schools painting staff and contracted painters are RRP certified. Current paint work abates or encapsulates deteriorating paint.

Asbestos

Portland Public School District complies with the federal Asbestos Hazard Emergency Response Act (AHERA). All required asbestos management plans are available for viewing by submitting a request to the AHERA Coordinator.

Integrated Pest Management

Portland Public School District has adopted an integrated pest management plan as required by ORS 634.700 through 634.750. Community members may access a copy of the latest IPM program plan [here](#).

Carbon Monoxide Detectors

Portland Public School District certifies that all buildings subject to the Healthy and Safe Schools Plan comply with the carbon monoxide detection standards in the state building code that was in effect when the building was originally constructed or as required by building code due to addition, upgrade, or remodel.

Certifying Statement

I certify that the above information is true and accurate to the best of my knowledge.
