7. Radon Testing Summary (Optional)

Portland Public School District has completed radon testing at the following buildings this year and is providing the following summary:

PPS has conducted some recommended 5-year radon testing at select schools and has updated these results at [PPS Radon Results](#) on the PPS website. The selected schools previously had radon mitigation systems installed. Required testing is every ten years. PPS tests some schools every year, instead of all schools at once every ten years. From the 2023 short-term testing, ten schools have ongoing works in progress.
