

**DCU**  
**PPS 2018-2019 RETIREMENT**  
**FREQUENTLY ASKED QUESTIONS**

**Q. What are the rules regarding retiring and being re-employed by the district between retiree's retirement date and June 30, 2019 (PERS Bubble)?**

- A.** If all of the following conditions are met the employee may retire in the PERS Bubble and work until the end of the school year:
- Must have a PERS retirement date on or after December 1, 2017 and no later than June 1, 2019; and
  - The district decides to continue the retiree's former position
  - Must have submitted a written district resignation form within 30-days of their retirement date
  - There is no one on layoff status that is qualified for the position
  - Retiree is committing to work through to the end of the employee work year
  - Retiree demonstrates reliable and regular attendance at work and meets all expectations of the assignment while working in the PERS Bubble.

**Q. At this time, are there layoffs in my area?**

- A.** Yes, there are layoffs and if someone is in layoff qualified for your position, then you potentially could not be able to retire in the PERS Bubble. In this case, you would have the choice of retiring at the end of the school year or withdrawing your retirement.

**Q. What happens when I retire and then am re-employed by the district in the PERS Bubble?**

- A.** You are committing to continue to work in your current position until the end of your work year. You will receive your regular salary (less the 6% PERS contribution).

**Q. If I retire in the PERS Bubble, will I need to re-enroll in active insurance benefits?**

- A.** No, you and your dependents will remain on current active benefits at the same premium rate through July 31, 2019 without re-enrolling.

**Q. What PERS Tier am I?**

- A.** Tier I - Employees hired before 1/1/1996  
Tier II - Employees hired between 1/1/1996 - 8/28/2003  
OPSRP - Employees hired on or after 8/29/2003

- Q. How many hours are PERS Tier I and Tier II retirees allowed to work for a PERS employer once they have retired?**
- A.** No more than 1039 hours in a calendar year (January 1 thru December 31), which is equivalent to approximately 6 months full-time or 12 months half-time. If you surpass these hours while working for a PERS employer, you may be unretired by PERS and be asked to pay back benefits received from the date you worked over the 1039 hours. Refer to the PERS website for more information [www.oregon.gov/pers/pages/index.aspx](http://www.oregon.gov/pers/pages/index.aspx). **Re-employed retirees are responsible for ensuring they do not exceed this limit in a calendar year.**
- Q. What if I am a PERS OPSRP member (hired after August 29, 2003)? Will I be able to retire in the PERS Bubble? What are the hours a PERS OPSRP member can work in a calendar year after retirement?**
- A.** You may work no more than 600 hours in a calendar year (January 1 thru December 31) after your retirement date, which is equivalent to approximately 3 months full-time or 6 months half-time. If you surpass these hours while working for a PERS employer, PERS will unretire you and you may have to pay back benefits received from the date you work over the 600 hours. Refer to the PERS website for more information [www.oregon.gov/pers/pages/index.aspx](http://www.oregon.gov/pers/pages/index.aspx) **Re-employed retirees are responsible for ensuring they do not exceed this limit in a calendar year.**
- Q. If I work **extended hours**, do they count toward my PERS annual number of work hours limit?**
- A.** **Yes, they do.** If the position you are in when you retire in the PERS Bubble includes extended hours, you most likely will need to retire later than December 1, 2017 in order to accommodate the hours being reported to PERS for work performed as extended hours.
- Q. What are my options for health insurance after my active insurance ends?**
- A.** If you are age 55 or older when you retire, state statute requires the district to allow you to remain on the district health insurance, with you paying the full cost of the benefits until you are Medicare eligible. Your dependents may remain on the plan, as well. You may also purchase health insurance through PERS, or purchase through the <https://www.healthcare.gov/> website. In addition, your current health insurance plan, and organizations like AARP may offer private plans for purchase.
- Q. What if I, or one of my dependents, are age 65 or older when I retire from the District, and am no longer eligible for district retiree insurance?**
- A.** You would need to enroll in Medicare upon the date your active insurance ends at PPS. Medicare requires a 60-day notice to set you up. Make an appointment with the local Social Security office to enroll. Many employees also wish to enroll in a Medicare Advantage or Supplement plan. These policies are available through PERS and can be purchased through deductions from your retirement checks from PERS. Contact PERS at 1-888-320-7377 for more information. In addition, your current health insurance plan, and organizations like AARP may offer private plans for purchase.

**Q. When do my active insurance benefits end when I retire?**

**A.**

- When you retire in the PERS Bubble your active benefits for you and your family will end on July 31.
- If you are a less than 260 day employee, and you retire at the end of your work year (not in the PERS Bubble), your active insurance will end on September 30. 260 day employees' coverage will end on July 31.
- In either case, you will automatically receive a packet mailed to your home from the Health and Welfare Trust office explaining the plans you are eligible for, how much the self-pay premium will cost, how to sign up and make arrangements on how to make payments.

**Q. What steps must I take to retire and be re-employed by the district for the remainder of my work year (PERS Bubble), or retire at the end of school year (Not PERS Bubble)?**

**A.** Complete the district resignation form found at <https://www.pps.net/Page/1660> . Be sure to check the correct retirement option (PERS Bubble or Retirement Not PERS Bubble) sign, date, obtain your Principal's or supervisor's signature and submit to Human Resources by the notice requirements below. Requesting your supervisor's signature is important so they are aware of your retirement resignation.

**Q. Is my retirement from PERS a different process or does the District notify PERS?**

**A.** **Yes.** Your retirement from PERS is a different process which **requires action by you**. Call 1-888-320-7377 to request a PERS retirement application packet, or to ask questions about the PERS retirement process. PERS must have all your paperwork before your actual PERS retirement date. The district is required by PERS to notify them, which is done electronically with other payroll records.

**Q. If I retire, and I am a **less than 260 day employee**, and am paid over 12-months, will I still receive paychecks in July and August after my retirement date?**

**A.** **No.** You will be paid out all accumulated earned not paid money at the end of the month prior to your actual PPS retirement date, or in the case of an end of year retirement, June 30. This means you will NOT receive any paychecks from the district in July or August.

**Q. What is the notice requirement for retiring in the PERS Bubble?**

**A.** If retiring on December 1, 2018, notice must be given on or before November 6, 2018  
If retiring on January 1, 2019 or later, a 30-day notice is required.

- Q. May I retire and be re-employed by the district (PERS Bubble) in the middle of the month?**
- A. **No.** In order to retire in the PERS Bubble you must retire on the first of a month, which coincides with PERS requirements. The first of the month makes sense if you are retiring from PERS, as they only allow first of the month retirements.
- Q. What is the notice requirement for an employee who wants to retire and are not working in the PERS bubble?**
- A. Two-weeks-notice is required. Your retirement does not have to be on the first of the month, as required for a PERS bubble retirement.
- Q. If I continue to work in the PERS Bubble until the end of the school year, will my salary be the same as before I retired?**
- A. PERS Bubble retirees will be paid their pre-retirement salary rate, **less the 6% PERS contribution.** 6% PERS contributions will no longer be deducted from your paycheck after your retirement date.
- Q. What happens to sick leave?**
- A. Sick leave accumulated prior to retiring will be reported to PERS to use in benefit payment calculations for Tier I and Tier II employees (**For OPSRP members – PERS does not use sick leave in their formula**). While retired and working under this agreement, you will retain up front a balance equal to one day of sick leave for each month you plan to work in the PERS Bubble.
- Q. Are PERS Bubble retirees eligible for leaves of absence or have access to professional development funds?**
- A. PERS Bubble retirees are not eligible to access any type of leaves, professional growth or professional improvement funds.
- Q. What happens if I am contributing to a 403(b) plan?**
- A. Your 403(b) contributions will continue to be deducted from your paycheck until you receive your last paycheck in June. You may stop them earlier, if you wish, by submitting going to PPS PeopleSoft Employee Self Service and stopping your salary reductions. If you return to work after retirement, and wish to start contributing to your 403(b) account again, you will need to re-enroll in the 403(b) plan.
- Q. What about my basic and optional life insurance?**
- A. Life insurance continuation options are available post retirement; both Portability and Conversion are available.
- The cost for continuation of life insurance coverage is available by contacting Standard. In either portability or conversion it would be expected that premiums would increase and converting to a whole life policy versus porting the Trust's policy will likely always cost more.

Here is a link to the current portability application that shows the rates as they are today:  
[https://www.standard.com/eforms/9178\\_750971\\_60day.pdf](https://www.standard.com/eforms/9178_750971_60day.pdf). Evidence of insurability or completing a medical history statement is not required.

### **Portability vs Conversion.**

**Portability** allows eligible insured employees to port Group Life insurance coverage when they are losing coverage because their coverage is being voluntarily or involuntarily terminated. Portability stipulates:

You must be able to perform with reasonable continuity the material duties of at least one gainful occupation on the date your employment terminates, you must be under age 70 and you must have been continuously insured for at least 6 months.

**Conversion** allows eligible insured employees to convert some or all of their Group Life coverage to an individual whole Life insurance policy when their coverage is reduced or terminated for any reason other than non-payment of premiums.

In both scenarios a member needs to exercise their right to continue coverage within 60 days of the qualifying event. Please refer to your certificate for full details. The basic life/AD&D information is currently available on the Trust website at [www.sdtrust.com](http://www.sdtrust.com).

#### **Q. What about my disability insurance (LTD)?**

**A.** Your LTD coverage terminates the date you are no longer actively at work. Exceptions to this rule are if you are already taking FMLA, LOA or Military Leave.

#### **Q. Who can answer other questions I might have regarding retirement?**

**A.** Terri Burton, Benefits Director at [tburton@pps.net](mailto:tburton@pps.net)
