

## ARTICLE 8 WORKLOAD

Portland Public Schools believes every student deserves a high-quality, equitable educational opportunity and experience. Public schools are not funded at Oregon's Quality Educational Model, which creates real financial constraints for the school system. Our challenge is to balance all of our competing priorities while remaining student-centered. The goal is to improve transparency, opportunities to provide input, and processes for arriving at collaborative solutions. [Bargaining note: Use PPS Vision statement]

**District Policy 2.10.010-P (Racial Educational Equity Policy) states, "Portland Public Schools will significantly change its practices in order to achieve and maintain racial equity in education." This obligates the District and Association to agree to initiatives aimed at raising achievement for all students while closing gaps among different groups of students and eliminating the racial predictability of disparate academic outcomes.**

- 8.1 Except as provided by Article 16, paid extended responsibility assignments, paid extra duty assignments, and voluntary attendance at in-service classes are excluded from this Article and are covered by Article 16 and Appendix B.
- 8.2 The workload of professional educators shall be generally comparable to that which existed in the 2017-18 school year.  
~~Beginning in the 2024-25 school year, the District will make a good faith effort to establish that the class size, teaching load, and caseload do not exceed the threshold listed in the table below, except as otherwise provided in the remainder of this article.~~

**8.3 Establishment of Class Size Committee of the School Site Council for Addressing Class Size Concerns**

Beginning in the 2024-2025 school year, the District's goal is to schedule students in such a way that the class size, teaching load and caseload do not exceed the thresholds listed in the table below, except when deemed necessary due to programmatic, student need, physical space constraints, financial considerations, application of the neighborhood schools policy, or the District's equity staffing considerations. The building administrator retains the discretion to place and to schedule students. In the event the District determines that it is necessary to schedule in such a manner that overages result, the following process will be utilized:

- 8.3.1 ~~A Class Size Committee will be established at each school; composition of this group will consist of the building's Association representative, the Principals and/or Assistant/Vice Principal, and any professional teacher(s) impacted by notice of a student assignment that exceeds a school's grade level threshold.~~ The primary role of the Class Size Committee will be to provide a forum to discuss how an educator and student(s) can be supported when class size exceeds threshold levels and to collaborate on solutions.
- 8.3.2 The committee shall discuss class sizes and caseloads. The committee shall not discuss personally identifiable information contained in student educational records in order to avoid Family Educational Rights and Privacy Act (FERPA) violations.
- 8.3.3 ~~Schools will form a class size committee, on an as needed basis. The committee shall be composed of the following voting members:~~
  - 8.3.3.1 **School Principal**
  - 8.3.3.2 A Vice-Principal or other administrator selected by the District
  - 8.3.3.3 A teacher from an affected classroom or other staff member in the affected license area. This person will be chosen by the PAT Building/Association Representative.

- 8.3.3.4 A building representative or another licensed staff person appointed by the Association.
- 8.3.3.5 Two parents from the School Site Council
- ~~8.3.3.6 Two (2) parents/guardians, to be appointed by the school's PTA or PTO (if there is no active PTA or PTO, the parents/guardians will be jointly appointed by the principal and the PAT building representative. If the principal and association representative are unable to agree on two parents/guardians to appoint, the principal will appoint one parent/guardian and the association representative will appoint the other.) Lack of parent/guardian involvement will not preclude the committee from developing recommendations.~~
- 8.3.4 All affected teachers will be invited to attend the Class Size Committee to participate in the discussion of possible solutions.
- 8.3.5 To address a single class size or caseload exceeding a threshold, the building administrator may meet with the building's Association representative and the affected professional educator to discuss class size or caseload thresholds and to collaborate on solutions. Where solutions are agreed to, a Class Size Committee meeting will not be necessary. In no event will a solution be implemented without the review and consultation of the building's Association representative and impacted teacher(s) Teachers will not be asked individually to exceed these class size limits. If the issue is not resolved, it may be brought to the class size committee for recommendation resolution.
- 8.3.6 The Class Size Committee will convene, if necessary, one to three times between March 1st and October 1st, during the educator work year. and other times as needed
- 8.3.7 ~~The parties acknowledge that circumstances could arise where exceptions to the above class size thresholds. The building level committee will meet when the teaching load exceeds the teaching load threshold for overload pay as set forth above. The Class Size Committee will take into consideration efforts to keep families together, enrollment patterns, population shifts, a decrease in state or federal funding, an unusual variation between school enrollments at different grade levels or to allow the district to avoid creating split grade level (aka "blended") classes.~~ The class size committee will consider possible options, including but not limited to: rebalancing classes, multiple grade-level blends or combination classes, assigning educational assistants or other push-in support, using existing licensed FTE, or other school-based options, taking into account programmatic, ~~individual~~ student needs, physical space constraints, and competing needs.
- 8.3.8 Overages may still be paid as the remedy.
- 8.3.9 If a solution is not able to be identified at the building level, the principal may forward a Committee's suggested recommendation to the Chief of Schools/or their designee to request additional support. ~~If a solution is not reached at the building level, the district's Chief of Schools or designee and a representative from the Association will meet to discuss possible resolutions and make a good faith effort to resolve the issue.~~
- ~~8.3.10 If a suggested recommendation is not implemented, the concern will be shared with the district's Chief of Schools (or other Superintendent's designee) for further review.~~
- 8.3.11 If the suggested recommendations are not implemented as a result of the review in 8.3.9, the PAT president may call for a meeting with the Superintendent and share the cumulative concerns.
- 8.3.12 When the building-level above outlined process for addressing class-size concerns is observed, the implemented outcome is not subject to the grievance procedure.
- 8.3.13 The parties may agree to submit any disputes not resolved after the building level

~~class size committee process, to mediation, and will request the appointment of mediator from the State of Oregon.~~

**8.3.14 If the previous steps of the mediation process have does not resulted in a resolution, the superintendent (or their designee) and the President of PAT (or their designee) shall meet for a final effort to resolve the issue.**

8.4 **Class size, Caseload, and** Overload Pay

8.4.1 **Language relating to overloads and class/caseload** ~~Section 8.3~~ shall remain in effect in a status quo period.

8.4.2 Overloads (~~Effective starting with the 2018-19 school year~~) **Both parties recognize and agree that overload numbers are not a staffing model. [MOVED AND MODIFIED FROM FOOTNOTE]**

8.4.2.1 Student loads will be calculated on the third Monday in October and the third **Tuesday Monday** in February. If a professional educator's load exceeds the limits in 8.3.3, the District will implement one of these three options:

- a. Within two weeks, move students to meet the limit.
- b. Within two weeks, provide .5 FTE educational assistant for an elementary general education classroom, or a paraeducator for a special education classroom. Except as provided in 8.3.2.2, the professional educator may decline the assistant or paraeducator and select the stipend, or
- c. Pay any professional educator over a threshold a stipend equal to 1.5% of the base BA+0 salary per semester; except for the two exceptions noted in the table in 8.3.3.1.

8.4.2.2 Assistants or paraeducators already assigned to the class due to threshold estimates will count towards this relief and may not be declined in favor of a stipend. ~~Educational Assistants or Paraeducators assigned to classrooms to address overage shall not be used for other building needs. Annually prior to the start, the District shall provide the Association a list of assistants and/or paraeducators who are intended to provide overage relief, and the paraeducator's assignments. The Association may submit a request of information to obtain a list of educational assistants and/or paraeducators who are intended to provide, or actually provide, overage relief, and their assignments.~~

8.4.2.3 The stipend will be paid as part of the next payroll period.

8.4.2.4 The methodologies for determining which classes are regular or performance classes and how to count students in certain class configurations are addressed in Sections 8.3.5 and 8.3.6.

8.4.2.5 For professional educators in multiple buildings, or for professional educators working less than 1.0 FTE, the stipend will be prorated.

8.5 Overload Pay Threshold/**Target Size** and Percentage Charts

Classes such as PE, band, choir, physical education and theater are performance classes. Any class that is more like a traditional academic class such as history or biology would not be considered a performance class. For example, Sports Physiology, which is listed in the course description as a challenging academic course requiring course work and study is a course more akin to biology and is not a performance class. History and literature of the theater is more akin to literature courses and is not a performance class. Drama – Stage craft is more akin to performance classes like Dance Technique or Weight Training. Classes labeled as “student support, tutorial, and study skills” shall be classified as regular classes. Performance classes are distinguished by being more of the nature of a “performance” or “production” as compared to a traditional “academic” class in which there is direct instruction. A teacher shall not accept more than two (2) students per period in independent study or more than six (6) total.
- ~~c.~~**c.** Students in "double blocks" shall be counted in each class.

**d. e The overage number for any blended class shall be the lower of the two grade level groups. For example, a 3rd/ 4th class shall be counted as if it was a 3rd grade class.**

8.6 Overload Relief for Exceeding a Number of Unique Preparations

- 8.6.1 Section 8.4 shall remain in effect in a status quo period.
