

SKYLINE

ACCESSIBILITY SUMMARY

Skyline Elementary School
11536 NW Skyline Blvd
Portland, OR 97231

SUMMARY

Some common areas at Skyline are located on the ground floor. Priority should be given to providing an elevator access to the basement cafeteria, library and classrooms at this school. The elevator, striped accessible route, lift, door hardware and plumbing on floors other than the main level comprise the majority of the upgrade work. The major accessibility upgrades for Skyline are summarized on this sheet.

The gym bleachers at Skyline is a good example which illustrates recreational seating that will be require modifications to provide wheelchair and companion seating out of the play area with a clear view of the gym court.

Modify bleacher for accessible seating
