

# STEPHENSON ACCESSIBILITY SUMMARY

Stephenson Elementary  
2627 SW Stephenson Street  
Portland, OR 97219

## SUMMARY

Stephenson Elementary is a single level school with a significant grade change from the main entrance to the main parking lot. Priority should be given to providing two accessible parking stalls in the existing turning loop as close to the main entrances as feasible and restriping the accessible pathways to enter the school. The addition of a lift would also allow accessibility to the stage that is above grade in the Cafeteria. The parking, pavement striping, lift and door hardware comprise the majority of the upgrade work. The major accessibility upgrades for Stephenson are summarized on this sheet.

## ACCESSIBILITY UPGRADES TO MEET 2008 ADA GUIDELINES

Site Elements	Accessible parking stalls Parking lot pavement striping and detectable warnings
Accessible Route & Reach Ranges	Lift for Cafeteria stage with new access door Lever hardware on doors
Plumbing Elements	Accessible sinks
Communication Elements	Assisted listening devices at Cafeteria Signage
Recreational Facilities	Accessible play area soft surfacing & structure
