Subject: Inclement Weather Plan – Alternative Pickup and Drop-off Stop Location Survey

AM School Site: _____, AM Route #: _____
 Current Pickup Location: _____,

We need your input on an important decision concerning your stop location (aka snow stop) when the District declares Snow Routes are in effect during inclement weather. We need you to discuss with your Driver if an alternative snow stop location is required. **Please complete this form by 10/30/17** and return it to your Driver.

This form needs to be completed by the student’s parent or guardian not by the student.

The lower half of this sheet needs to be torn away and left with the Parent/Guardian as a record of this decision. Please duplicate the information and signatures on the back side of this form so the District Operations Group may document the decision.

If you have questions regarding this or other aspects of your transportation service please contact us at 503-916-6901 or email at Transportation@pps.net.
