Inclement Weather Information for PPS General Transportation (Big Bus) Routes and Stops

To: Parents or guardians of students using bus service
From: PPS Student Transportation
Re: Snow route information for the 2018-2019 school year

This document explains how the District will respond during inclement weather and how your big bus service may be affected by snow, ice or other adverse weather conditions.

Special Education (SE) students who use small bus or specialized transportation services will be notified directly by the driver. Inclement weather information for SE services can also be found at: <http://www.pps.net/Page/2237>

Not all schools' bus routes require snow stops during inclement weather. The table on page 7 will help you identify **if** your school's bus runs a snow route, and where alternate snow stops are located. This document also provides information about PPS inclement weather media messages and procedures.

Important Change: Snow routes can be designated to operate for AM or PM (or both) dependent upon road conditions or weather forecast. **Please pay close attention to additional District announcements throughout the day for changes.** District decisions made after the initial call will be updated to all media outlets.

Updated snow and regular routes, stops and times may be found at: www.pps.net/bus

If you have any questions please call or email.

Inclement Weather Information

Safety is of utmost importance during inclement weather conditions.

Every bus stop and route path has been reviewed to determine if an alternate snow stop or route is required. In some cases, regular routes have been reversed or times modified for snow days. Please verify your updated snow routes, as well as regular routes and times here:

<http://www.PPS.net/bus>

Things you need to know:

- The announcement of snow routes may be accompanied by a 2 hour late opening or an early closure. Bus times will follow late starts or early dismissals accordingly;
- In the event PPS calls a 2 hour late opening on a day your school has a scheduled late opening, your school will start 2 hours later than your normal bell time – *not* 2 hours later than the late opening time;
- Students should wait for buses at a safe distance from the road during inclement weather conditions;
- Precise stop times are not possible during snow days due to unpredictable traffic delays, so students should be at snow stops early;
- Students should dress warmly and be prepared for longer wait times outside on these days;

- Parents are responsible for the safety of students at bus stops, and should instruct their students on safe walking and waiting procedures;
- Buses are radio-dispatched and equipped with all-weather tires and chains;
- Use the handrails when boarding or exiting the bus to prevent slipping.
- Do not stand or play on snow piles at the bus stop. Do not throw snowballs at the bus or at anyone.
- Never try to retrieve an item that falls around or underneath the bus. Instead, always report such an incident to the bus driver.
- Never chase after the bus or attempt to grab the back bumper.

Big Bus Snow Stop Location Table

If you hear an announcement that PPS is running snow routes, use the following table to determine if you need to use a snow stop location. The table is organized by **School** and **Regular Stop Description** (not route numbers).

If you do **not** see your school listed, it means that your bus will run regular schedules and stops.

If under your school's name you see your regular stop in the **Regular Stop Description** column, then you have snow stop, which is listed the **Snow Stop Description** column to the right.

Stop times are purposely not listed in this table because they change frequently. But they are updated on the PPS web site. **So if you have a snow stop, please verify your snow route stop times on the PPS website: www.pps.net/bus**
