

# Benson Polytechnic HS Master Plan Committee (MPC)

## MEETING #4 NOTES

---

<b>FACILITATOR:</b>	Karina Ruiz, DOWA-IBI Group	<b>MEETING #:</b>	4
<b>MEETING DATE:</b>	March 31, 2016	<b>LOCATION:</b>	Benson - Room 125
<b>RECORD TAKEN BY:</b>	DOWA-IBI Group	<b>DURATION:</b>	6:00 - 8:00 PM

## AGENDA

---

<b>6:00 PM</b>	<b>Welcome</b>
<b>6:10 PM</b>	<b>Area Program Review</b> Comprehensive HS Area CTE Program Area
<b>6:40 PM</b>	<b>Benson Polytechnic HS Master Plan Design Charette</b> Historical Context Existing Building Elements to Remain? Small Group Work – Develop Master Plan Concepts Gallery Walk
<b>7:45 PM</b>	<b>Public Comment</b>
<b>7:55 PM</b>	<b>Closing &amp; Next Steps</b>

## NOTES

---

The following general issues were discussed in addition to the power point presentation:

1. Review of charter (will be done at start of every meeting)
2. Review of Area Program – refer to power point presentation.
3. Design Workshop

Table 1 Tammy, Maya, Dave

- Fine arts/performing arts same location
- Classrooms below auditorium
- Not sure where new band room would go
- Administration/Counseling main level front of school
- Student commons upstairs above main entry
- Health occupations 1st floor centrally located
- Auto/Aviation to Parking lot - covered parking garage? Photovoltaic?
- Service access still in horseshoe /center
- Existing drive becomes more pedestrian friendly
- Building construction/architecture/electrical where auto is located
- Engineering F level 2
- Reuse all existing buildings except auto and B wing
- E wing - add second floor
- Digital media near radio
- Green roof/ balcony overlooking field at South side

Table 2 Dick, Jacob, Rob

Enter through administration/counseling element  
 Library / commons in center - tall volume / through atrium, lots of natural light  
 architecture, digital media, engineering nearby  
 Fine arts and performing arts in auditorium  
 Reuse existing gym  
 Core academic / science/ key classrooms overlook library/commons high spaces  
 3 stories near front entry with core academic stacked above  
 Upper level could be set back far enough to not be seen from 12th - look out toward city  
 Single story - CTE programs, fairly flexible for remainder of school -  
 Focusing major renovation at commons/media/public functions, front of the building  
 Departure from other schemes of distributing academic  
 Cluster academic in front school area  
 CTE Health behind/adjacent to Gym  
 Wrap around services with secondary entrance at back of school - on 15th  
 Larger open spaces for SPED and academic support as necessary  
 Shell remains fairly consistent with existing

Table 3 Matt, Leigh Anne, Julie, Erik

Public spaces grouped together at front and center - to separate events from rest of school  
 Open area (exterior or interior or mix) is centrally located just beyond front entry  
 Commons in center behind open area/courtyard  
 Media above commons  
 Cafeteria would become fine art rooms; auditorium would remain  
 Science would be clustered in one area (at existing library )  
 Core academic distributed ' stripes' along both sides along courtyard  
 CTE classes on both side wings.  
 Architecture and engineering above construction (second floor)  
 While auto is shown as staying at existing, part of group likes other tables' idea of auto moving to parking

Table 6 Irina, Kevin, Angel

Administration/Counseling at entry main level/core academic above  
 Student commons centrally located (may integrate green spaces) behind with academic above  
 Library/Media with SPED above adjacent  
 CTE construction with architecture above to existing library area  
 Auto/aviation moves to parking lot - multi-functional structure -maybe below grade. Potential expansion to include robotics  
 Clustered engineering/digital media/information tech  
 Kept radio at existing  
 Science needs new space/labs with southern exposure  
 Upper level - atmospheric earth and science, labs, green space  
 Science centrally located. Near aviation/auto. Near engineering, digital media.  
 Material science - add to Manufacturing  
 CTE / health occupation @ gym  
 Architecture and construction close and stacked  
 Debated moving auto due to cost. Alternate leave at existing location.

4. Next meeting: April 14, 6:00 pm.
5. Meeting record will be posted on the Benson High School bond website at:  
<http://www.pps.k12.or.us/bond/10958.htm>
