

Attention incoming Benson students

Benson Polytechnic is Moving

View of the newly modernized Benson set to reopen in fall 2024

While the existing campus undergoes modernization during the 2021-22, 2022-23 and 2023-24 school years, Benson Polytechnic will be temporarily located at the Marshall Campus at 3905 SE 91st Ave. Plans are moving forward to accommodate all programs at the new site. We realize this change may impact your decision about attending the school. So please consider this change as you make your school choice decisions.

Transportation to the Marshall Campus

PPS is currently studying transportation options that will help Benson students get to the Marshall campus during the three-year construction period. The transportation plan could include a mix of public transportation and yellow school bus service. More information about the transition to Marshall will be available in the coming months at <http://BensonBond.pps.net>.

Project Timeline

SPRING 2019 - SPRING 2021

Design & Permitting

Schematic Design / Design Development /
Construction Documents / Permitting
