## ACCESS AND SECURITY

# Where do you enter the bowl?

NEW  
BASEBALL  
& SOCCER  
FIELD

## SUPPORT FACILITIES CONCESSIONS, TICKETS, TOILETS, STORAGE

## SUPPORT FACILITIES

Freestanding park support buildings

# FIELD LIGHTING

## What Matters in Lighting Technology

## Light Control

©2015, 2017 Musco Sports Lighting, LLC. M-1905-en04-4

Solutions for Lighting

Low pole lights, poor cut-off angles

Tall pole lights, sharper cut-off angles

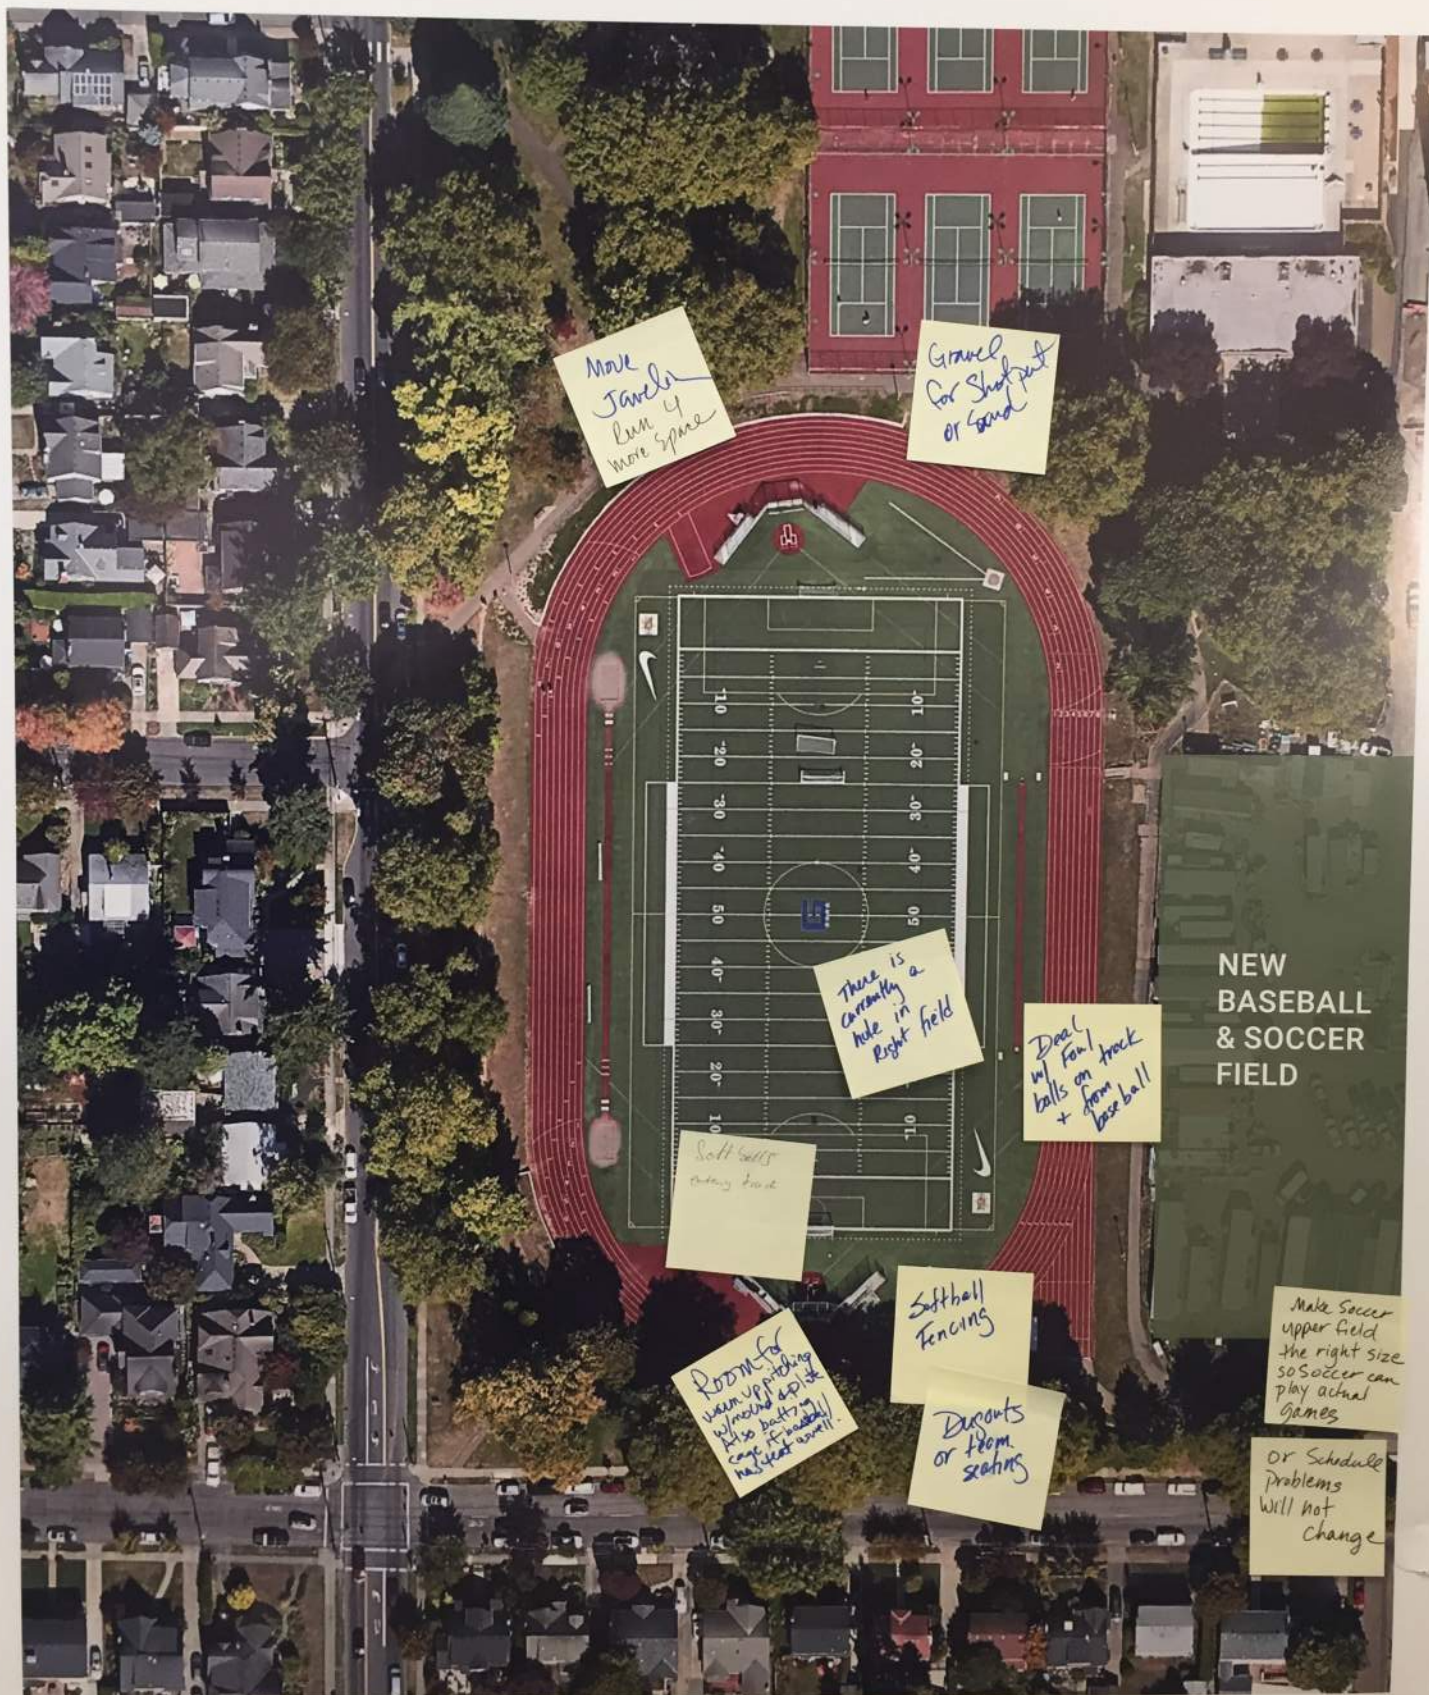

# FIELD IMPROVEMENTS

# FIELD IMPROVEMENTS

What is your biggest **hope** for project success?

Self-Stick  
Table Top Pad

Super  
Sticky

3M

~~Light~~ Lights ASAP (use & security) ~~me too~~

\* Faster - Expedited \*

\* Property Values ↑

\* Move forward / not backwards

\* Host Home events \*\*\* Very important

\* Seating (safe/durable/accessible) comfortable

\* Maximize use of space for everyone (Lunch)

~~Create~~ Create a community hub for the neighborhood - not just the HS

~~Put~~ Put all about one sport (Football) \*  
Serves All sports & Interests

~~Hollywood~~ Hollywood is part of the plan  
Pool is part of master plan (concessions, kids)

\* Private donors step up

\* Can be done in parts (Lights first)

What is your primary **concern**  
regarding Grant Bowl <sup>(PARK)</sup>  
improvements? <sub>(not just bus)</sub>

\* Sound

\* Hours of operation

\* Property values <sub>(proximity)</sub>

\* Shared use Agreement PPR/PPS

\* Not feasible -

\* Not getting it done timely, or at all. - ~~TAKES~~ TOO LONG

\* Low impact - not losing trees and green space

\* How to balance security & Access  
- when are lights on/off?

\* Loss of community access during  
non-school functions \*

\* PARKING - where?

\* Overuse by PARKS users (LIGHTS!)

\* Crowded streets / Congestion

\* TRASH (after games)

\* Softball gets compromised / Stripping

\* Vandalism / graffiti (cameras?)

\* Perfect not the enemy  
of the good.

\* Who gets to use it & when?
