

School Improvements 2014

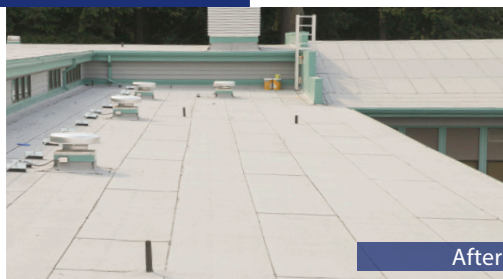

CRESTON K-8

Creston K-8 School is now safer, dryer and better thanks to the voter approved PPS School Building Improvement Bond.

Work included:

Before

After

Complete roof replacement with seismic strengthening plywood roof diaphragm added to make the roof function as a single unit

Building level seismic strengthening for added safety

Science Classroom improvements - new overhead electrical outlets, accessible sinks, eyewash stations, and cabinets

Creston K-8 is one of twelve schools that were successfully upgraded this summer. All the work was completed on time and on budget. During the 8 years of the Bond program, Portland Public Schools will upgrade up to 63 schools.

BUILDING OUR FUTURE TOGETHER.
