

Help Us Create a Modernized Jefferson High School

Jefferson Project Spring 2023 Update

Work on the Jefferson High School's Comprehensive Plan started in the Spring of 2022 and included extensive public engagement. On Dec. 13th, 2022, the PPS Board of Education unanimously approved that Plan. It includes a major renovation of the original 1909 building plus new building additions on the campus. PPS is now moving forward with the next phase of design for the modernization of the school.

Harriet Tubman Middle School Relocation & Jefferson

Due to the I-5 freeway expansion, Harriet Tubman Middle School is relocating. The PPS School Board is considering constructing a new Tubman MS and a KairosPDX facility on two parcels, including the Jefferson HS South Lot. This is a separate project but the relocation may impact the Jefferson Modernization. More details can be found at <https://www.pps.net/Page/20016>

Ongoing Jefferson High School Design Advisory Group (DAG) Meetings

The Jefferson High School Design Advisory Group is now holding regular, open house style meetings to provide feedback on design details and options for the modernized school. The meetings are public and we encourage everyone to attend. Please note DAG members perform in an advisory role only. Decisions on project details is the responsibility of the Office of School Modernization in collaboration with District Leadership. For a list of upcoming DAG meetings please visit: <https://www.pps.net/JeffersonBond>.

Project Timeline

SPRING 2023-SPRING 2024

Design and Permitting

Schematic Design, construction documents and building permitting process.

SUMMER 2024-SUMMER 2026

Phase 1 Construction

Students will remain in existing buildings.

SUMMER 2026-FALL 2028

Phase 2 Construction

Students move into new buildings. Original buildings are fully renovated. Fully Modernized JHS Opens Fall 2028.
