

## **MPC #1, draft vision statements as compiled by the MPC members**

12/09/2015

### **Vision 1**

The redeveloped Lincoln will be an innovative hub of learning for our community with the student at its center.

It will support varied educational uses and community partnerships in a safe, inclusive, inspiring and technologically rich environment.

It will engage students in their passions and nurture life-long learners, and support an active and healthy community.

### **Vision 2**

The new Lincoln Community of active, healthy life-long learners will be innovative, inclusive and multi-generational. It will maximize student needs, engagement and achievement in a safe, flexible, accessible and technologically rich environment. Educationally related community partnerships will enhance the proposed 5,900-square-foot maximum structure for functional, efficient and cost-effective campus. (54)

### **Vision 3**

The redeveloped Lincoln Campus will be an innovative and inclusive community that is flexible, safe, accessible and technologically rich environment.

It will support a wide variety of educationally related public, private and community partnerships; in an efficient and effective manner.

It will develop engaged students and life-long learners, support a fit, active and healthy community, and promote schools as an economic driver of a better future honoring student needs and maximizing their achievement potential.

### **Vision 4**

The redeveloped Lincoln Campus will be an innovative, inclusive, safe and multi-generational center of a dense urban community;

Evolve to supporting a variety of educationally related public private and community partnerships; working cooperatively with PPS system developing engaged and life-long students. Supporting an active and healthy community, and promoting schools as an economic driver of a better future for our Neighborhood, City, State and Region.

### **Vision 5**

The redeveloped Lincoln Campus will be an innovative, inclusive, multi-generational center of a dense urban community, functional, efficient and cost effective.

The campus will provide opportunities for private partnerships meeting essential student needs for a fit active and healthy environment. It will be an economic driver for the community.

### **Vision 6**

The redeveloped Lincoln Campus will be an accessible, innovative, inclusive and multi-generational center of a dense urban community.

It will support a wide variety of partnerships, ensuring the educational well being of students and the community.

The building will promote schools as an economic driver of a better future for our neighborhood, city, state and region, and will serve as a model of architectural excellence.
