UPCOMING MILESTONES

Project Schedule: 3/2015 – 9/2017

- New Gym sheathing, metal siding, wood siding, and brick veneer are in progress this month
- New Gym windows and storefront are being installed this month
- New Gym interior drywall for classrooms, locker rooms, and weight room are in progress this month
- New Theater structural steel and wood trusses are completing this month
- New Commons CMU walls are nearly complete
- New Media Center basement art room sheetrock will begin early this month
- New Media Center 1st Floor framing and in wall rough-in will begin this month

The New Gym is closing in on the exterior with windows, storefront, and glazing, along with final finishes such as wood, metal panel, and brick veneer starting to be put in place. Also, the interior sheetrock is starting to be hung to close walls, which will allow final finishes to begin on all floors and areas.

The Theater has structural steel and wood trusses being finished early this month. The New Commons CMU walls are almost complete. The New Media Center basement interior sheetrock will be starting shortly as well. Much steel and overhead rough-in work has been completed at the New Media Center/Library 1st Floor, and framing followed by wall rough-in will begin this month.

The amount of progress and big push towards turning over an amazing project is really coming together.....and fast!

Sincerely,

Michael C. Kingham
