

2nd Grade Supply List

Hello Families,

Instead of sending you to the store to get classroom supplies which can end up being a lot, I am asking for **\$35** to go towards **class community supplies**. This way I can purchase specific items we need all year long. Also, I just don't have the space to store all of the great stuff all at once.

This is a suggested donation. If it is too much for your family, just give what you can. If you are a family that can give more, extras can make up for those who can't.

Cash or checks written to CSS can be given to Lacy in the office or you can pay by visiting school pay at:

<https://pps.schoolpay.com/link/BrandiSupplies>

Here are the items I purchase throughout the year with your generous donations: Crayons, pencils, pencil sharpeners, colored pencils, glue sticks, erasers, post it notes, markers, dry erase boards, folders, and composition books.

Hopefully, this will reduce the stress of back to school shopping.

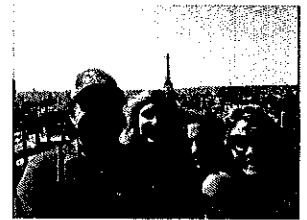

If you would rather buy other items for the classroom instead, here is a list of additional items I could use:

- Boxes of tissues
- Cleaning Spray
- Hand sanitizer
- Band-aids

Thank you so much for your support!

Teacher Brandi

Hello 2nd graders and families,

I want to welcome you to 2nd grade and the upcoming 2022/2023 school year! I look forward to beginning our year together and can't wait to meet you.

This will be my 18th year teaching at C.S.S. and I absolutely love being a 2nd grade teacher. I have two daughters, Meghan (25) and Logan (20). Both of my daughters went to Creative Science School when they were younger. I love that they were in a school that valued questioning, problem solving and collaboration.

I have two guinea pigs, one named Albie, short for Albert Einstein and Pickles!! My husband's name is Paul and we have been married for over 25 years. I was born in Germany because my dad was in the Army and we traveled and lived all over the world. I like to watch soccer, work in my garden, spend time with my family, travel and walk through forests looking for owls.

The founding philosophy at CSS, constructivism, is fundamental to my own beliefs about teaching and learning and this will be reflected in our classroom. The Storyline method is a wonderful framework for our learning- we will create worlds and explore them throughout the year. Our vision at CSS is to help our students become critical thinkers, courageous problem solvers, and compassionate community builders; our work together will be in service of these goals.

I try to make our classroom a place where you feel safe, encouraged, successful and excited to learn. We will all work together to make our classroom a place of learning and collaboration.

I hope you and your family had a fun and restful summer and that you are as excited as I am about the new school year. I look forward to seeing you on August 30th, the first day of school.

Sincerely,
Brandi Miller
