Financial Assistance: Permission to Share Fee Waiver Information

Students who are eligible to receive free or reduced-price meal benefits can also receive fee waivers for AP exams, athletic participation fees, and support for other school-related needs.

My child is eligible to receive free or reduced price meals and I consent to sharing my child's name and meal eligibility status for the purpose of receiving fee waivers. (Apply for and renew benefits online at <https://district.ode.state.or.us/apps/frlapp/default.aspx>.)

Juniors & Seniors - Opt-Out for Military Recruitment Information

The No Child Left Behind Act requires school districts to provide the name and address of all junior and senior students to military recruiters, unless the parent or student informs the school district that they do not want that information provided to the military recruiters.

Students can make their own decision that they do not want their name and address provided to military recruiters. By checking this box you are stating you DO NOT want to provide your information to military recruiters.

I, _____, DO NOT want my information provided to military recruiters.

Walking Field Trip Permission

It is customary for teachers to take their classes on walking field trips in the school community at different times during the school year. The purpose of such walks is varied. Students may observe neighborhood architecture and urban plants and animals or visit interesting places in the community such as the public library, local businesses, and parks.

In order to allow flexibility for these valuable activities, this permission will extend for the entire **2019-20** school year. The trip destination along with a list of students on the trip will be posted in the main office. If a parent or guardian is expecting to take his/her student out of the school for any reason during the school day, it is important to **notify the school in advance** what time check-out will occur. Plans can then be made to be certain the student is in the building at that time.

Separate permission forms will always be used when any form of transportation is involved or a trip involves an overnight stay or wilderness activity.

I hereby give permission for my student to participate in supervised neighborhood walks during the **2019-20** school year.

Publicity Denial & Non-Release of Contact Information

Student Photographs and Video. School or district staff members sometimes take photos or videos of students during field trips, school events, sports practices and competitions, and classroom instruction to share student accomplishments and the work of our schools with the public.

Schools cannot control photography/videotaping by other parents, community members, or media at public events such as athletic competitions, performances or public meetings. However, when families answer “no” to the questions below, school and district staff members will make an effort not to publish photos or videos of students, and prevent the media from doing so, in classrooms or other instructional settings, such as field trips, that the school controls.

Please answer yes or no below to indicate whether photos or video of your student may be published:

School and District Photo Use. Schools like to showcase students on PPS websites, social media and in flyers, posters and presentations. Student names are either not used or only first name/grade/school are used (ex. Sitton School 3rd-graders Samuel and Amanda. . .). An exception is if students are publicly recognized, such as receiving a scholarship, award or athletic recognition.

My student’s photograph or video may be used on school/district websites, social media, printed materials or presentations:

Yes No (to the best of the schools’s/district’s ability)

News Media. The news media often report about events at our schools.

My student’s photograph or video may be used by the news media:

Yes No (to the best of the schools’s/district’s ability)

School Yearbook *My student’s photograph with his/her name may be used in the school yearbook (I understand that if I answer “no” my child’s photograph may be included in group photos, such as at an assembly or athletic event, but my child will not be named):*
