

Wilson High School

2019-2020 Freshman Forecast Sheet Class of 2023

Courses with an asterisk (*) have prerequisites.

Forecasting provides you with the opportunity to identify the *core* courses required for you to graduate as well as *elective* courses available to you that can both enhance and support your school experience. PPS requires 24 credits to graduate. A full schedule of eight classes provides you with the opportunity to take maximum advantage of the educational opportunities available to you. You should carefully review the list of courses available, consult with your parents and counselor as needed, and select eight courses along with alternate course choices that meet your educational goals.

All 9th graders will be enrolled in EIGHT classes.

- 1) English 1-2
- 2) Modern World History
- 3) Physics: NGSS
- 4) College Career Exploration + Health 1
- 5) Physical Education
- 6) Geometry (or appropriate higher level class)
- 7)
- 8)

Academic support classes, world language, and electives will fill the remaining two class periods.

Mark your remaining two classes with an "X".

Choose FIVE alternate electives and number them 1-5 in order of preference.

World Language classes will be treated as core curriculum and will be scheduled before electives. First year language students should choose an alternate language (and mark with an "A") in case there is a scheduling conflict.

I have reviewed the Course Guide and discussed my course selections with my parent or guardian. I have made my choices thoughtfully and I understand that I will not be allowed to make changes (other than level changes) in the fall. Course offerings and staffing decisions are based upon student forecasting.
