**At Wilson High School, our mission is to educate young people in every capacity -- mind, body and spirit.** We prepare students to succeed in their various roles in society: as workers who are responsible, innovative and ready to compete at a world-class level; as citizens who are both loyal to our community's democratic ideals and committed to the ongoing work of forming a more perfect union in our heterogeneous society; and as adults who, in their private lives, balance the virtues of individualism, such as self-reliance, honesty, and personal initiative, with the cooperative ideals of justice, tolerance and compassion. In short, our goal is to foster in our students the core intellectual capacities and habits of the heart that will allow them to lead deeply engaged, productive and meaningful lives.

**District Milestones for High Schools**

1. 9<sup>th</sup> Grade – on track (6 credits- core classes)
2. On-time graduation

**PPS Priorities for 2016-2017**

1. Third Grade Reading
2. Closing the gap for suspensions/expulsions for students of color
3. High School Graduation

**WHS Site Council Goals 2016-2017**

- Graduation rate: Achieve graduation rate of 95% or better; no sub groups below 5% of the average (same as district milestone)
- Exclusionary discipline: reduce exclusionary disciplinary actions by 50% for all sub-groups
- Attendance Goal: 90% of students attending 90% or better for all sub-groups for average daily attendance; reduce chronic and severe from 30% to 20%
- 100% of Freshman on track for on-time graduation (same as district milestone).

- **Needs more discussion** - AP Goal: Increase the percentage of Wilson graduates who successfully complete advanced coursework/dual credit/professional experience (e.g. more kids taking AP classes, more minority kids taking AP classes, AP scores of 3+, capstone course in drama, honors designations, internships) <suggestion to remove internship, honors for this year>; need to determine how we'll measure items outside of AP.
- Teacher professional development: every teacher is actively involved in a PLC (professional learning community) that results in a specific goal and action plans for professional development delivered by October 4

### **Agenda:**

1. Positive Shout Outs
  - a. Screenagers screening at WHS
  - b. Literary Arts – creates a great environment and ability for students to express themselves. Read on Feb 8 at Annie Bloom’s
2. Approval of November minutes

3. Business:
  - a. Department goals/action plans shared out – presentations embedded in file

- i. Math

Math Department  
Collaborative Work 20

- ii. World Language

World Language  
Department Action Plan

- iii. Health/PE

- b. Update on 9<sup>th</sup> grade communities
  - i. Next year’s 9<sup>th</sup> grade class will start with a new science sequence. School is utilizing the Next Generation Science (NGS). Instead of starting with biology,, high school freshman will start with a physics/health.
- c. Updated from climate team subcommittee
  - i. The plan is to teach the Wilson Way with a school wide plan that provides expectations on:
    - Behavior in community
    - Behavior on campus

- ii. The group is working on a model to deliver lesson plans to the community by February or March. A card was introduced that allows teachers to write notes to students who they observed to be modeling the “Wilson Way” behavior. The introduction of the cards will be put onto the department meeting agendas to better introduce to teachers.
- iii. Sarah Lamier joined as a guest and expressed concern at discussions that were being had to shift some Black History Month activities to March, to accommodate some scheduling challenges that Leadership had been discussing. It diminishes the importance of the month. Recommendation made to move that discussion to a different forum.
- d. Wilson goals powerpoint presentation and CAP update
  - a. Brian has update CAP plan with changes to the Executive Summary. He was waiting for more updates from various departments before he releases the updated version.
  - b. Brian noted that 2015 data for AP exams shows that 24% students receive a 3 or higher. Goals are updated to have higher percentages for student of color.
