2. Reduce the rate of exclusionary discipline by 50% and close the gap by 50%

PPS keeps the data for every school and updates us quarterly on our progress. They provide training for administrators, Dean's on "restorative practices" to replace traditional practices that exclude (suspend/expel) students.

Wilson's Achievement Goals

3. Improve Student Attendance “90/90 Initiative”

Taking steps to better track and intervene when students miss classes; *added staffing*; clear attendance policy; “train” parents to excuse absences.

Wilson's Achievement Goals

4. **9th Grade Milestone** – 100% of our 9th graders will start 10th grade with at least 6 credits and all their core classes passed.

Tied to the superintendent's priorities; data supported; long time priority for WHS/PPS – “Communities”; resources directed to this goal; 90-95+% every year.
