Agenda:

1. Approval of Minutes 8:15 - 8:20
Meeting October 4, 2017

Moved, seconded. No discussion. Minutes approved.

2. Engagement activity (Kayla Klein-Wolf) 8:20 - 8:30
Student experience with proficiency-based grading

Student comments: [PBG] may be conducive in a class like language arts. Math and science where you move through a lot of content may not be best with proficiency-based grading. A lot of the kids do not really like it - when they get a 3 out of 4 - hard to know what they are really getting. The people I talked to don't really like it. I like that you do not have to go at the pace of the class - you can learn at your own speed. Every teacher is doing proficiency differently.

Why? Brian provided an explanation of the proficiency-based grading rollout at Wilson. [Site Council is an official venue for feedback on PGB]

3. Climate Team update (Sheila Kendall) 8:30 - 8:40

Climate team update:

- Changed the Wilson Way card based on student feedback.
- New Wilson Way posters.
- Met with Leadership.
- Wilson Way video project coming to a close.
- Counselors finishing up class visits (incorporated Wilson Way).
- Peer Counselors have been in 9th Grade classes.

4. Math department presentation (Brian Sahler) 8:40 - 9:00

[presentation slides included with minutes]

- Revamping math at Wilson High School. Move of Geometry to Freshman year. Why? Provide a common experience and a community model. Opportunity to get to know students better prior to Algebra. Unify a teaching approach for Geometry. Back to back Algebra classes to help struggling students.
- Overview of common Geometry sample packet.
- Proficiency grading in math overview.

5. Senior profile (Brian Chatard) 9:00 - 9:10

Alternate topic if data are not available: CAP timeline

- Data arrived yesterday, so we will move it to the next meeting.

6. Equity Team update (Sarabeth Leitch) 9:10 - 9:45

Professional development around culturally responsive practices in the classroom and across the school
