Enrollment in extended day programs is prioritized for students who are referred by Faubion teachers or are identified as needing acceleration to meet benchmark as part of SUN's goal to help close achievement gaps. **Depending on the volume of forms received, families can expect their students to participate in up to 3 days per week with the potential for students to be waitlisted. We will make our best effort to accommodate your class selections; however, we cannot guarantee that every class you choose will be available.** Your flexibility helps with this challenging registration process.
